# MessagePad Accessories

Now you can make your Apple MessagePad personal digital assistant (PDA) even more valuable, and make it work even more efficiently.

Because no matter which MessagePad product you have, you can choose from a broad range of accessory products—from

connectivity solutions to battery enhancements to storage options.

With these optional accessories, you can print letters, send and receive faxes, receive wireless messages and pages, connect to your personal computer, or gain access to information on your

network. You can also work for hours without having to change batteries. And you can protect your MessagePad—and its accessories—in a leather carrying case, wherever you go.

## Accessories

### Newton Connection Utilities

This software allows your MessagePad with Newton 2.0 operating system to connect to your Mac OS— or Windows-based computer to create, view, edit, synchronize, and back up information with popular personal computer applications, and to gain access to your personal computer's information while at your desk or from a remote location.

### Newton Press

This program allows you to publish electronic documents such as travel itineraries, reference books, or sales charts on your personal computer for viewing and annotating on your MessagePad.

### Newton Keyboard

Now you can enter information into your MessagePad with Newton 2.0 as fast as you can type. The touchtype comfortable keyboard is lightweight and portable and comes with an attractive carrying case, so you can take it wherever you take your MessagePad. It comes in several international versions.

### Power Adapter

The Power Adapter lets you run your MessagePad or external Fax Modem using AC power and rechargeable battery pack for the MessagePad 110, 120, and 130. It comes in several versions to meet international power requirements.

### Rechargeable Battery Pack

This rechargeable nickel-cadmium battery packs can be one of the most effective ways to keep your MessagePad running.

### MessagePad Charging Station

Plug your MessagePad 110, 120 or 130 into this charging station to run it on AC power while recharging its batteries. You can simultaneously quick-charge its external battery pack in two to three hours.

### Print Pack

The Print Pack allows you to use your parallel printer with your MessagePad. It works with most popular laser, dot-matrix, portable ink-jet, and thermal printers, as well as printers compatible with MS-DOS and Windows-based computers.

### 2MB and 4MB Flash Storage Cards

Use the 2MB or 4MB Storage Card to increase the storage capacity of your MessagePad, to back up your information, and to run more applications.

### Wireless Communications Case

This case is the all-in-one solution for your MessagePad 110, 120 or 130, cellular phone, wireless PC Cards and various accessories, providing the ultimate in portability, protection, accessibility and design.

### Leather Carrying Case LC

The leather carrying case LC has room for add-in PC cards or business cards, and has a zipper to keep everything where it belongs.

### MessagePad Telescoping Pen

This pen is designed to fit perfectly in your MessagePad 110, 120 or 130.
