

Apple Color StyleWriter Pro

Features

Outstanding print quality

- Offers 360-dpi resolution for crisp text and vibrant color
- Takes advantage of ColorSync color-matching technology to ensure high-quality printed output
- Comes with 64 scalable TrueType fonts for printing in any size and in a wide range of styles

High performance

- Prints quickly—even when printing color
- Offers a variety of print modes to enhance productivity
- Features fast ColorSync performance

Low cost per page

- Uses separate cyan, magenta, yellow, and black ink cartridges, which lowers cartridge-replacement and per-printed-page costs
- Prints on plain bond or copier paper

Convenience

- Features a compact, attractive design
- Includes everything needed to print: interface cable, ink cartridges, printhead, and sample media kit
- Offers the option of printing on a wide range of media, including plain paper, transparencies, premium coated paper, and back-print film
- Takes advantage of ColorShare software to enable printer sharing over a network
- Complies with the EPA's EnergyStar guidelines for energy-efficient operation

The Apple Color StyleWriter Pro printer is a superior-quality ink-jet printer that provides both color and monochrome printing. It's ideal for business, education, and home office users who require color capability at a reasonable price.

With its high-performance color ink-jet technology, the Apple Color StyleWriter Pro offers fast-drying convenience. It prints on plain paper and uses separate cyan, magenta, yellow, and black ink cartridges—which keeps the per-page printing cost incredibly low. In addition, the Apple Color StyleWriter Pro provides state-of-the-art energy efficiency, complying with the Environmental Protection Agency's EnergyStar guidelines for power conservation.

The Apple Color StyleWriter Pro features impressive, 360-dot-per-inch

resolution and prints up to two pages per minute for monochrome and up to one-half page per minute for color. And because it supports Apple's ColorShare technology, the Apple Color StyleWriter Pro can be shared, making it suitable for use in classrooms or businesses as well as by individual users. It even offers password protection and a record of the printer's use.

By taking advantage of ColorSync software, the Apple Color StyleWriter Pro provides excellent print quality and superior color matching. But its use of ink-jet technology keeps this high performance affordable. So if you want great print quality and color capability—but you don't want to pay a fortune—the Apple Color StyleWriter Pro is the printer for you.

Technical Specifications

Print method

- Thermal ink jet

Print quality

- 360 dpi in normal and best modes
- 180 dpi in draft mode

Interface

- High-speed serial (RS-422)

Speed

- Up to 2 pages per minute for monochrome
- Up to 0.5 page per minute for color
- Actual speed depends on the documents printed and the Macintosh used

Fonts

- 64 TrueType fonts: ITC Avant Garde, ITC Bookman, Chicago, Courier, Delphian, ITC Garamond Narrow, Geneva, Helvetica, Helvetica Black, Helvetica Compressed, Helvetica Narrow, ITC Lubalin Graph, Lucida Bright, ITC Machine, Monaco, Nadianne, New Century Schoolbook, New York, Old English Text, Onyx, Oxford, Palatino, Swing, Symbol, Times, ITC Zapf Chancery, ITC Zapf Dingbats, and Zeal
- Adobe PostScript font support when used with Adobe Type Manager software

Ink cartridges

- Separate cartridges for cyan, magenta, yellow, and black
- 315 pages at 5% page coverage per color

Print materials

- 16- to 24-lb. (60 to 90 g/m²) bond or copier paper
- Paper: U.S. letter, U.S. legal, A4, and envelopes (#10 business, monarch, and other sizes)
- Most letterhead and colored stock, labels, and envelopes
- For superior graphics and imaging results, Apple recommends Apple premium coated paper and Apple back-print media
- For fast dry time and vibrant colors, Apple recommends Apple color ink-jet transparencies

Paper capacity

- Multipurpose tray that accommodates up to 100 sheets of paper or 15 envelopes

Printable surface

- Maximum printable line: 8.0 in. (20.3 cm)
- Minimum margins: 0.25 in. (.64 cm)

Size and weight

- Height: 7.2 in. (18.3 cm)
- Width: 16.5 in. (41.9 cm)
- Depth: 10.1 in. (25.7 cm)
- Weight: 11 lb. (5.0 kg)

Power consumption

- Operating mode: 28 W (maximum)

Operating environment

- Temperature: 59° to 86° F (15° to 30° C)
- Humidity: 10% to 80% noncondensing

Power requirements

- U.S./Japan: 120 V, 60 Hz, 1 amp
- Europe/Australia: 220 to 240 V, 50 Hz, 0.5 amp

System requirements

- Any Apple Macintosh personal computer with 4MB of RAM and a hard disk drive
- System software version 7.0 or later
