

Apple LaserWriter 4/600 PS

Features

Outstanding print quality

- Offers 600-dpi resolution
- Supports Adobe PostScript Level 2
- Comes with 64 PostScript and TrueType fonts

Ease of ownership

- Connects simply via the Macintosh computer's built-in LocalTalk port
- Complies with the EPA's Energy Star guidelines for energy-efficient operation
- Prints extremely quietly, and makes no noise at all when not in use
- Features a compact, attractive design
- Desktop printing software allows drag-and-drop printing

Affordability and expandability

- Provides advanced functionality at an affordable price
- Offers memory expansion
- Includes LaserWriter Bridge 2.0 software for EtherTalk network connection

The Apple LaserWriter 4/600 PS is an affordable PostScript laser printer that offers a number of advanced print capabilities. It's ideal for individual home, education, and small-business users who require outstanding print quality, PostScript capability, and future RAM expansion options.

As easy to own as it is to buy, the LaserWriter 4/600 PS connects simply, via the Macintosh computer's built-in LocalTalk port, and features an attractive, compact design. It also provides state-of-the-art energy efficiency. There's no on/off switch; instead, the printer "wakes up" when needed, operating the remainder of the time in an electricity-saving—and completely silent—standby mode.

Yet for all of its simplicity of setup and operation, the LaserWriter 4/600 PS offers a host of advanced capabilities. It features outstanding print quality, using Adobe PostScript Level 2. And the LaserWriter 4/600 PS comes with 64 scalable TrueType and 35 PostScript fonts.

As your printing needs become more sophisticated, the LaserWriter 4/600 PS is designed to grow to meet them. It supports a 4MB RAM Upgrade, which expands both the printer's memory cache and its ability to print documents that contain large numbers of downloadable fonts. Simply put, the LaserWriter 4/600 PS offers the PostScript printing capabilities you need—now and in the future.
