

# COLOSSUS CHESS IV

CLOSES THE DOOR ON ALL THE OTHERS

**COLOSSUS** is the most complete chess program available for the **APPLE 2 Series™** ... written using the very latest techniques by a computer chess programmer of eight years experience. It has the widest range of true features available, including some never before implemented on *any* home computer chess program.

**COLOSSUS** has a perfect understanding of *all* the rules of chess, including under-promotions, the fifty move rule and all draws by repetition. It can handle standard mates; including the very difficult King, Bishop and Knight versus King.

**COLOSSUS** also offers the choice between the usual two dimensional flat board display or the new three dimensional real life board which allied to optional joystick control makes it clear and easy to use. It comes with a comprehensive instruction manual and is easily the best chess program for casual and serious players alike.
