

# Aldus PageMaker

*The most complete  
work environment  
for professional  
publishing—from  
writing and design to  
prepress production*

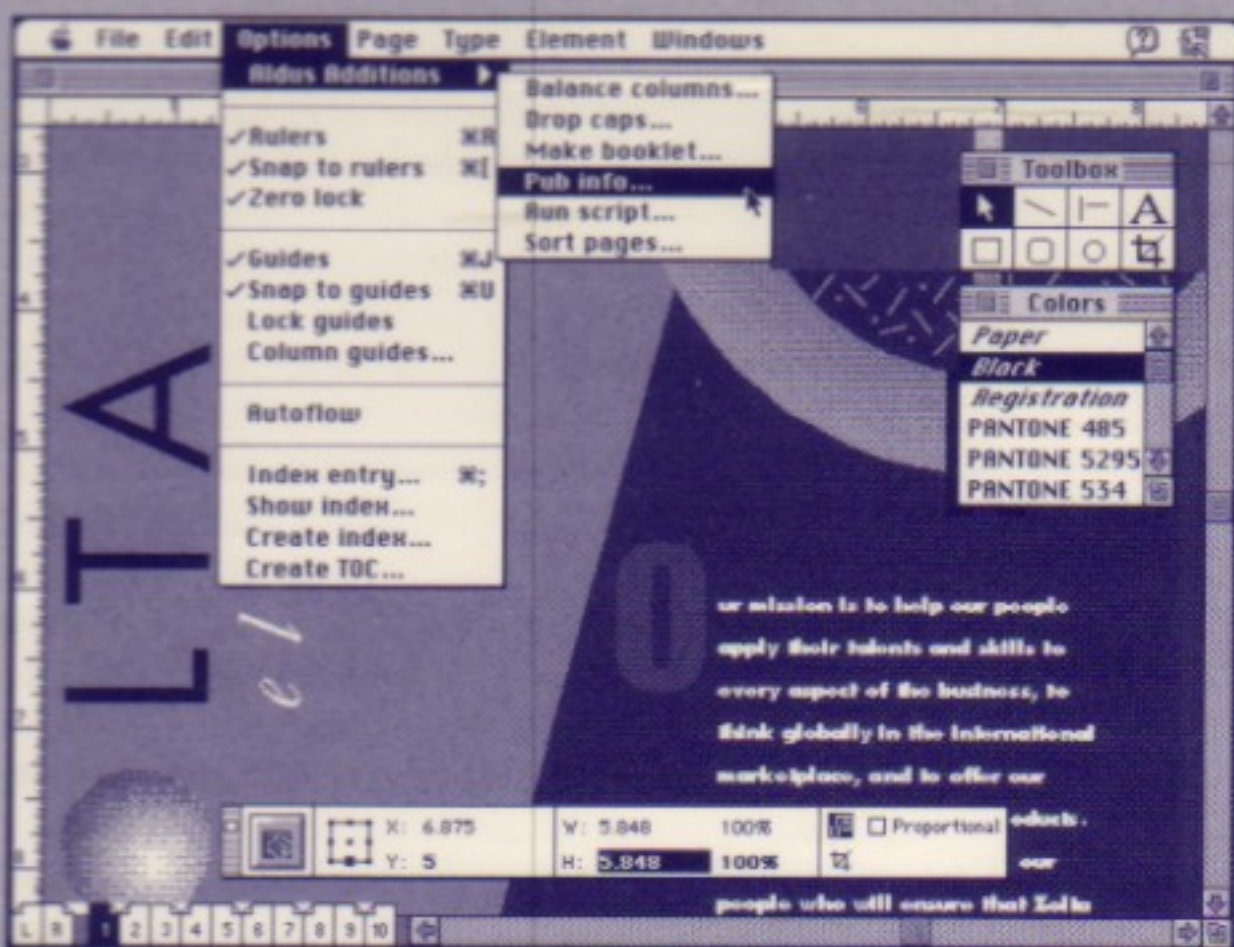

**Education Version**

# Aldus PageMaker: World Leader in Page Layout Software

Aldus Additions automate specific publishing tasks, and PageMaker's new Control palette lets you place, resize, crop, and scale objects with numerical precision.

Aldus PageMaker® is the most flexible, intuitive, and reliable work environment for writing, designing, and producing professional-quality printed communications.

Use it for designing and producing any publication, black-and-white or color: business reports and newsletters, design-intensive magazines and catalogs, multichapter books and technical manuals.

The standard for ease of use and learning, PageMaker is also the ideal program for workgroup publishing environments. It's the only page-layout package that has tools specifically tailored for each person in the professional publishing cycle: graphic artists and designers; writers, editors, and typesetters; production artists and prepress professionals.

The Creative Edge  
in Business

## Powerful, intuitive layout and design tools

- See exactly what you're doing in Aldus PageMaker's visual, interactive environment
- Integrate text, illustrations, and images from a multitude of popular word-processing and graphics applications
- Under System 7, use Edition Manager or Aldus hotlinks to launch the original application of a placed file

## Professional, comprehensive text and type controls

- Write or edit copy in the fast content-only Story Editor window, then check spelling in multiple languages in one pass
- Search and replace words, phrases, fonts, and point sizes—even paragraph styles
- Store type formatting instructions in style sheets to save time and effort
- Compose and set type professionally with tracking, kerning, hyphenation, justification, text rotation, "set width," and more
- Choose from baseline-to-baseline, proportional, and top-of-caps leading

## Versatile publication management

- Assemble indexes and tables of contents—even across multiple PageMaker files
- Keep track of changes to imported files through Links management or System 7 Subscribe capabilities
- Get fast, professional results by using the 30 included templates, or create and reuse your own, for fast and consistent layouts

## Precision production and prepress tools for high-quality printed results

- Use numerical or visual controls to precisely place and adjust elements
- Create pages up to 42" x 42" for producing multipanel documents
- Tie graphics and paragraph rules to text
- Print directly to laser printers for final output or comprehensive proofs

- Achieve the highest-quality color printing from PostScript-compatible high-end prepress systems
- Use Aldus PrePrint® to color-correct scanned images and print spot and four-color separations to imagesetters

## Extensibility via Aldus Additions

- Use included Additions to sort pages, balance columns, prepare and print two-up booklets, and automatically create drop caps
- Additions for other specialized publishing needs are available from third-party vendors

## System configuration

System 7 savvy (also runs under System 6.0.5 or later); requires Finder 6.1 or later and Macintosh-compatible hardware

**Minimum for color production:** Apple Macintosh II series or SE/30 computer, 4MB of RAM, an 80MB hard disk

**Recommended for black-and-white production:** Macintosh II series, SE/30, or Portable computer, 2MB of RAM (4MB under System 7), a hard disk

**Minimum for black-and-white production:** Macintosh SE, LC, Classic, or Plus, 2MB of RAM, a hard disk

**For output:** A color, grayscale, or black-and-white device such as a PostScript-compatible or QuickDraw-compatible laser printer; a PostScript-language imagesetter

Package written, designed, and produced with Aldus PageMaker and Aldus FreeHand®

## NOTICE

Before opening the disk packs inside this package, carefully read the license agreement, also found inside the package. That agreement grants you a nonexclusive, nontransferable license to use the software, but in no way transfers title of the software from Aldus Corporation to you. By breaking the seal on any of the disk packs, you accept the terms of that agreement. If you do not accept the terms of that agreement, please return all of the disk packs unopened, along with the rest of the package, immediately to your dealer.

## Why should you register?

### *By registering your Aldus product you receive:*

- 90 days of free telephone technical assistance, beginning with your first call. A staff of Aldus software specialists will help you solve any problems you may encounter as you learn to use the software.
- A sample copy of our bimonthly *Aldus Magazine*, which includes customer profiles, how-tos, in-depth articles, and a Q&A section. When your copy arrives, watch for the free subscription card on the wrapper.
- Advance information about new Aldus product releases, service programs, and updates and new releases of your Aldus product (updates are minor revisions between major new releases).
- A trial subscription offer to the CompuServe information network, where you have access to the Aldus Forum, a library of technical information on all Aldus products.
- Free replacements for defective disks or manuals during our 90-day product warranty period. (Before returning any materials, please contact an Aldus Customer Relations representative at 206-628-2320 for an authorization number.)

*You can purchase additional support services for your registered product. For information, see the Aldus CustomerFirst™ brochure in your product package.*
