COLONIZATION
 Create A New Nation

The Tradition of Civilization Continues

The New World lies before you with all its peril, promise and infinite possibility. Your colonists anxiously follow you to shore. The treasures of an entire continent await you.

Finally, the much-anticipated follow-up to Civilization is here! **Sid Meier's Colonization** takes you into the Colonial Era to discover, explore and colonize vast territories that promise both danger and reward.

Play either French, English, Dutch or Spanish as you set sail to discover the New World. Explore new lands and strategically plant your first colony. Direct its growth, manage its resources and establish lucrative trade routes. Balance economic, political and military strategy to create your own, powerful nation.

But beware of your enemies! Rival powers can encroach upon your territory. You'll have to overcome your foes with superior military strategy and wily diplomacy. Only then can you launch your revolution and declare your independence.

Colonization, the newest strategy game from Sid Meier continues the great tradition of Civilization.

Game Features:

- Manage your growth, development and trade to create a powerful nation.
- Same design principles and interface as award-winning Civilization, making game play easy and fun.
- Over 30 minutes of CD audio music.
- Discover and explore the Americas or create your own scenario with a random map generator.
- Pit your strategic skills against Colonization's advanced artificial intelligence.
- Customize your games and choose your own level of difficulty so you never play the same game twice.

MicroProse & Medalist *Backup Order Form*

MicroProse Software and Medalist International have a special backup disk offer that will double your fun while saving you money. When you order another MicroProse or Medalist title through this offer, at a \$5 discount, you'll receive a free backup disk for the game in this package. Here's how:

1. Choose a game from among the titles listed on the reverse side of this order form. Make sure it's compatible with your personal computer.
2. Subtract \$5 from the cost of that game.
3. Affix your proof of purchase sticker (enclosed in your game box or on your Technical Supplement.)
on the designated area on the reverse side of this form.
4. Get your backup disk for this game for free!

This offer is good only with this order form.

(We regret that the continued piracy of MicroProse software in the U.S. and around the world requires us to copy-protect our products.)

Notice: To receive your backup disk, you must use this original order form. Photocopies are not acceptable. Prices subject to change without notice. Discount good for only one product per order form. Offer void without proof of purchase sticker.
