# Gentlemen, Commissioner, of the Micro Sports Football League . . .

## MSFL Week #16

Your house is filled to capacity with coaches from your football league to see who will claim the final MSFL playoff spot between the '77 Cowboys and the host '86 Giants. All coaches have submitted to you, Commissioner of the MSFL, their week 16 Game Plan Sheets. You locate the Giants and the Cowboys coaches' Game Plan Sheets and begin entering in their coaching strategy, the house becomes silent in anticipation of this great matchup. You select "Slow" for Game Time, setting the game to full animation. You have the computer set the Weather Conditions, Month: December, Temperature: 21 degrees, Wind: 12 mph, Precipitation: light snow. Next, the "coin toss" . . . Call it, Cowboys! From the kickoff to the final gun, the game is totally animated using X's and O's, bringing to life each play. An animated referee, keeps you up on incompletions, first downs, penalties and touchdowns. As the clock winds down the Cowboys trail, 21-17. Staubach from the Giants 18, looks for Drew Pearson on an out pattern. Blitzing from the weakside comes "LT" Taylor. The Cowboys line picks him up as Staubach lets go with a perfect spiral to the corner of the endzone . . .

## MSFL: Pro League Football contains:

**Pro League 1.0:** Five years of effort to bring you the most realistic football simulation game ever!

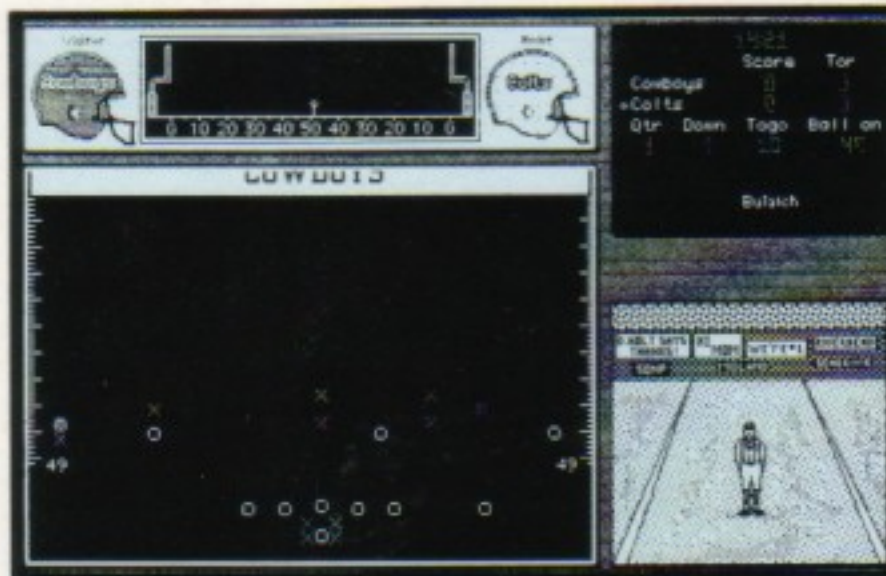

**MSFL Stats:** View and print out the end of game stats covering over 140 categories of stats per team per game.

**Scouting Report:** View and print out statistical reports depicting the strengths and weaknesses of each team.

**Game Plan:** Print out Game Plan sheets that ask 40 offensive and 42 defensive strategic questions.

**Stats Keeper:** Allows you to view and print out game stats, check them for broken records in over 65 categories, accumulate them to form season stats for each team in your league covering 200 different categories and maintain your leagues standings.

**Super Teams:** 42 past Super teams.

## Special Features:

**Game Time:** 9 to 20 minutes per game based on the amount of animation desired. Coaching, using a Game Plan sheet removes the need for a huddle allowing each game to be nothing but fast paced football action.

## Two Game Plan generation

**methods:** Manual for inputting data from Game Plan sheets or Computer Generated for a true simulation.

## Mac Pro Football compatible:

For **Mac Pro** owners set up and run a league with you as the only coach. Coach your favorite team head up following a weekly schedule, using Mac Pro and let **MSFL: Pro League Football** run the rest of the games in your league. Use Stats Keeper to keep track of all the stats for your league including the head up games played using **Mac Pro Football**. Also Available: The 1985, 1986 and Greatest Season teams. New! compiled Mac Pro Football, with new features. **MSFL: Pro Draft**, draft your own teams from over 1,000 of the greatest Pro Football players of All-Time.
