## ***Uncharted Waters***

(Release Date: November 1991,  
IBM/PC Compatibles & NES)

This is Koei's first role-playing adventure, known as a "ReKoeition" game. Spain's victory over the powerful armada of the Ottoman Turkish Empire during the early 16th Century, opened the oceans to explorations by Spain and Portugal. Imagine yourself as one of the great sea explorers. Make a fortune in profitable trading or when greedy and desperate, you may resort to piracy and gambling.

Sail around the world, but you must adequately prepare for your voyages or your crew will die from starvation. Recruit able seamen and acquire navigational instruments to guide you in your travels. The emergence of rival ships, terrible storms and the search for hard to find ports will challenge your skill and tempt your fate with disaster. At each port you have the opportunity to visit the castle, buy provisions, relax at the pub or stay overnight at the cozy inn. It is your objective to achieve great fame and wealth so that you gain the favor of the king and request the hand of his daughter in marriage.

**NES Version:** 5 megabit cartridge, MMC-5 microchip, 128K RAM, battery back-up.

**PC Version:** 640K, EGA Color, Ad-Lib Sound Board support.

## Liberty or Death

(Release Date: October 1991,  
IBM PC/Compatibles)

As Koei's first strategy game based on American history, Liberty or Death takes you into the heart of the American Revolution where you will relive the struggle between the tyrannical British rule and colonists determined to gain their independence. As the Revolution unfolds, take the side of the British under Cornwallis, or the colonists under Washington as you manage all aspects of military command. Obtain funding to build forts and ships, make weapons, and gather supplies. Lead your troops into battle with bayonet charges, night attacks and ambushes. Gain control of the high seas for easier mobility of troops and supplies. To help prevent desertions give your officers promotions and boost troops' morale with occasional parades or balls.

**PC Version Only.** 640K, EGA Color, Ad-Lib Sound Board Support, Manual-based copy protection.
