VR CD

There's just no other way
into CyberSpace.

Critics love it!

- " ...if you've ever wanted an excuse for staying late at the office, this may be it."
- "Spectre VR raises the stakes, especially for anyone with access to a network."

– Electronic Entertainment, June 1994

- "The action is pure and uncluttered...it's cyber-riffic!"
- "The maniacal designers at Velocity have added a third dimension to this adrenaline-fest: your cybervehicle is now capable of limited flight."

– Computer Gaming World

- "Spectre VR is designed for white-knuckled entertainment, and it delivers."
- "One super-cool thing about VR is VRchitect, an included program that lets you design your own virtual worlds, with all the bells and whistles."

– MacHome Journal

- "The network version is to die for..." its "...simply the best!"

– Bob LiVitus, MacUser

- "Impressive 3-D graphics and awesome sound effects."

– Compute

- "Supremely Designed - visually impressive. Spectre is one of the best arcade games we've seen in a long time. But watch out - it's addictive."

– MacUser
