FRIDAY

WORLDWIDE CRIME WAVE!

Acme Detective Agency on Trail of Master Thief Carmen Sandiego & Gang.

New York City.

The Statue of Liberty's torch disappeared last night, allegedly stolen by the infamous Carmen Sandiego and her gang of thieves. The notorious band specializes in the theft of priceless national treasures. Police claim they are prime suspects in several other major heists.

At a hastily called press conference, the Mayor demanded immediate action. "It's outrageous," he

fumed. "Carmen and her cohorts must be put behind bars without delay!" Baffled in their efforts to date, police have enlisted the aid of the world-renowned Acme Detective Agency.

"We're dispatching our best investigators to the scene of each previous crime," said Acme's Chief. "They will question every witness and pursue the culprits relentlessly, even if it takes us to the four corners of the world!"

Acme is heavily recruiting additional detectives. "Each new recruit will have access to secret Police Dossiers, a crime computer and a personal copy of The World Almanac and Book of Facts to help interpret clues," claims The Chief. "Armed with these modern tools of criminology, we expect to crack the case at any minute."

Dear Cousin Jenny:

Since my last postcard, I've made it to Rome, Italy ... still hot on the heels of Carmen Sandiego. I've rounded up her whole gang — even Dazzle Annie Nonker who used to run the toughest yogurt bar this side of Suez.

But now she's in jail — along with the rest of Carmen's cronies. And I'm closing in on the mastermind herself. Jenny, this case is really important to me. I've already worked my way up from Rookie to Investigator. If I put Carmen behind bars, I'm almost sure to be promoted to Ace Detective. So keep your fingers crossed!

Not bad, huh? It's an exciting job, and I really need to use my wits to figure out all the clues and keep track of them. There's lots of traveling. So far, I've been to 30 different cities, from Montreal to Moscow! You'd be amazed at all the things I'm learning about the world.

Well, I hope you're proud of your cousin. I bet you never thought there'd be a world-famous detective in the family, did you?

Stay in touch, Jenny. And think about applying for a job here at Acme. You'd be a great detective ... and we'd be a terrific team!

As ever,
Dale

P.S. - Bops! Better get this in the mail. Looks like Carmen's about to make her move. and I don't want to lose her!
