CITADEL

Adventure of the CRYSTAL KEEP™

Fantasy role playing climbs to new heights of challenge and excitement as you descend into the depths of CITADEL. Your goal is to free the Lady Synd imprisoned by the mighty Wizard Nequilar and his perilous array of monsters. You must trust your fate to a party of mortals and misfits as you attempt to gain more knowledge of the seemingly insurmountable odds against you. You will train your forces and learn of their weapons and mystical powers. Then guide a mission into the perils of doom, where you must rely on your cunning. As your journey takes its toll on you and your companions, some will succumb to the odds, but on you must travel as you can only confront the Wizard Nequilar after you have freed the Lady Synd. Every move you make will present you with riddles and puzzles to solve as you face your destiny.

Your quest is to discover the secrets of the catacombs and avoid your doom. You will guide your forces through progressively more difficult levels of play which will allow you to attain knowledge and magical powers for use in battle while moving your group further into the depths of the CITADEL. Game play allows for splitting your party at crucial moments to best face the challenge.

CITADEL awaits your challenge to explore its secrets and mysteries. Prepare to do battle with the evil Wizard Nequilar and his mighty forces. Survival depends on your skill and wit.

Features:

- Create your own hero(s) of the quest, using the heritage oriented, fully complete character generation system, including customizing your own character images.
- Most realistic, three-dimensional maze exploration ever. Watch as the thousand-room catacombs unfold before you, revealing all details and allowing direct manipulation of items on the screen.
- Interact with non-player characters possessing unique personalities and skills, even allowing them to join the party.
- Select from almost 200 weapons and items and over 50 spells and scrolls at your disposal in your search for the Lady Synd.
- Constant challenge is provided by some 60 different types of monsters that must be overcome in a unique real-time combat system.
- The sound and animation will take you to the edge of your seat!

Screens shown are Atari ST, IBM and Macintosh.

Postility

With the proliferation of PostScript™ generating programs such as Effects Specialist™, Adobe Illustrator®, Cricket Draw™, Laser FX®, and many others, a complete, high-quality PostScript™ development package is priceless. Postility™ was created by Postcraft programmers to be their ideal PostScript™ development tool and also to enable the manipulation of EPS files. \$99.00

Two Ways to have Out-Of-This-World PostScript™ Font Enhancements...at your fingertip!!!

LASERFX plus any of your PostScript™ fonts, opens a whole new world for your graphic applications!

Laser FX® transforms your PostScript™ fonts into flamboyant, sparkling headlines or crisp, eye-catching logos in only seconds, with just a few clicks of the mouse. **Absolutely no programming is necessary!** Simply select any of the 30 easy-to-use effects, choose font, and size, and then click on available enhancements from pull-down screens. This combination of modifications provides a virtually unlimited number of possibilities for creating newsletters, sales pieces, T-shirt art, ad layouts, etc. Import your effect into most popular page layout programs, or ... print direct on any PostScript™ laser printer or Linotronic™, Compugraphic or Itek composition systems. Reads/saves PICT files and saves EPS files. For Macintosh™ 512KE and higher. \$89.95

Now you can add up to 80 new effects.

Eight Laser FX®-PAKs (I thru VIII), each containing 10 new add-on effects, automatically mount to Laser FX®.

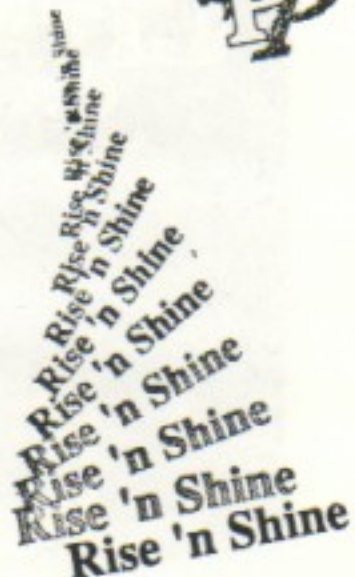

Laser FX®-PAKs VII & VIII create circular, arc and motion-type effects. \$29.95 each

New!

Effects SPECIALIST

the ultimate font enhancement package includes everything in Laser FX® & all eight FX®-PAKs (110 effects total) *plus:*

EFFECTS SPECIALIST™ incorporates all the features of Laser FX® and FX®-PAKs plus additional features requested by the DTP community. **WYSIWYG** (on-screen representation) enables you to view your effect before placing it into virtually any program (it's as simple as copying and pasting). Or if you prefer, print directly from within Effects Specialist™. You can also move multiple effects to other programs with ease. Effects Specialist™ allows you to print not only to expensive PostScript™ laser printers, but also works with **non-PostScript™ laser printers and dot-matrix printers**. The addition of color opens up a whole new world for presentations. With page tiling, point size is virtually limitless. The line screen generator allows you to create customized line screens and patterns. Rulers, kerning, and horizontal scaling tools and a complete background generator are just a few of the numerous options that give you the power to create spectacular effects without having to be a programmer. For the Macintosh™ 512KE and higher. \$249.95
