GET A-LIFE

PLAY with your Norns as they explore the amazing world of Albia and learn to use their cyber resources.

Don't be confused. There are a lot of "virtual pet" gadgets and screen toys that claim to be the Real Thing. But only Creatures actually creates life on your PC. The Norns you hatch in Creatures are truly alive, and should be considered as small children. They come complete with their own biochemistry, brains, and digital DNA. They're friendly, curious, social, and eager to learn. But like small children, they can also get into mischief. So in order to experience life to the fullest, they need your help. Just remember, their life is in your hands.

TEACH your newly-named Norns to eat, speak and interact with you and other creatures.

PROTECT your Norns from Nasty Grendels, who live in trees, steal food and carry diseases.

LAUGH as your Norns bond with you, displaying "real" feelings from hunger and pain to frustration and sexual attraction.

EXCHANGE new generations of creatures with other proud parents worldwide through e-mail and the Internet.

ENCOURAGE your creatures to breed and nurture the offspring.

“Call it a game if you like, but this is the most impressive example of artificial life I have seen.”

Richard Dawkins

“I first saw this program in the same week that evidence was discovered of life on Mars. This is more exciting.”

Douglas Adams
Author of *Hitchhiker's Guide to the Galaxy*
