Shelling your old bones to feed a new breed of spitting don't give me a headache (or a bad case of hemorrhoids) but to the captain's quarters! Spilling adventures into your stomach? Oh really? Where's that?

Keep hands and feet away from food intake area.

I thought I'd killed the Ghost Pirate LeChuck for good. Wrong. How many times can that bloated old fool die? Other pirates tell me there's no escape. "When LeChuck wants you dead, you're dead," they say. Legend has it that the treasure of Big Whoop holds the key to great power... I must find it before LeChuck finds me.
