

Cheat Codes

To enter a cheat code

1. During game play, type "T". A rotating disk should appear above the game status console.
2. Enter a code.
3. Type <RETURN> or <ENTER> to resume game play. A text message should confirm your choice.

Note: These codes only work for skill levels 1 - 3.

SWGREED	Enables god mode and gives you all weapons.
SWCHAN	Toggles god mode and allows you to type "J" to fly.
WINPACHINKO	Allows you to win at pachinko every time.
SWGIMME	Gives you all inventory items.
SWGHOST	Allows you to walk through walls.
SWMAP	Toggles auto-mapping.
SWRES	Changes the screen resolution.
SWTRIX	Toggles "bunny rocket" mode.
SWSTART	Restarts the current level.
SWQUIT	Exits the game.
SWNAME	Allows you to change your name in multiplayer games.
SWTREK	Warps you to another level. Note: This code should be followed by a two-digit level number (for example, SWTREK02 takes you to Level 2).
SWLOC	Displays frame rate when used the first time. Displays the x, y coordinates of your position on the map when used the second time.
SOUND	Plays a sound. Note: This code should be followed by a three-digit sound number.

Level Selecting

To select a starting level, hold down the <COMMAND> key when starting the game.
