

CATALOG

Headed by the irrepressible Richard Branson, who is now as popular in England as Prince Charles and Lady Di, the VIRGIN GROUP is a dynamic world-wide entertainment empire with businesses ranging from travel (VIRGIN ATLANTIC AIRWAYS) to records (VIRGIN RECORDS) to videos and to, that's right, computer entertainment software.

Virgin Atlantic Airways now flies to Tokyo, London, L.A., NY and Miami.

Virgin Games, formerly Mastertronic and Arcadia, is proud to be recognized by world-wide industry watchers as not only a top publisher of computer and video games, but also as a company with a keen sense of the cutting-edge.

The Virgin Group was founded by Richard Branson, Blue Medal winner of Transatlantic Hot Air Balloon flight and all around great guy.

So, let's talk about what
Virgin Games knows best – Games!

For 1991, our line-up is as diverse
as it is entertaining. On the computer
front, we have everything from
CONAN THE CIMMERIAN™ to
a Space Shuttle simulation game
created with NASA's help. ROBIN
HOOD: PRINCE OF THIEVES™ and
Greg Norman's GOLF POWER™ will
soon be making appearances on an
NES near you, while both CAESARS
PALACE™ and PRINCE OF PERSIA™

will be available
for the Game
Boy by this
Fall. Also, be on
the look-out for
TERMINATOR™
from our new
SEGA GENESIS™
line.

As always, you are an important
part of our creative team. We rely on
your feedback to help us create
innovative products like the ones
you'll find in this catalog. We hope
you'll enjoy playing our new games
again and again.

Some of Virgin Records hottest
artists are Paula Abdul,
Phil Collins and now
Janet Jackson.

ou have heard the tales of Conan's adventures. Only now will you have the opportunity to live the life of this fierce barbarian from the land

of Hyborea.

Our odyssey begins with murder most foul. When Conan's village is massacred by the ravaging hordes of Thoth Amon, high priest of the vile cult of Set, Conan vows to avenge the death of his family and friends.

In your search for vengeance, you as Conan, will explore Hyborea to seek out its hidden secrets and learn of its powers. Visit over 200 locations – taverns and inns, crypts and dungeons, temples and tombs, lavish homes and poor hovels – to learn the mysteries of Hyborea's sorceries to help Conan overcome its many natural and supernatural perils.

Only with luck, courage and constant struggle will Conan have the chance to force a reckoning with the powerful Thoth Amon.

In Spirit of Excalibur, the Knights of the Round Table fought to defend medieval Britain from the evil sorceress, Morgan Le Fay. Morgan, dabbling in dark arts beyond even her ability to control, had summoned a great Lord of Demons, the Shadowmaster.

With Morgan's death, the Shadowmaster was freed to work his evil will against the unprepared folk of Britain. Striking in the night, he imprisoned the King with a spell, stole the greatest treasures of the realm and kidnapped Nineve, the court enchantress. With the loss of the sword Excalibur and the newly recovered Holy Grail, Britain begins to sicken and die. The Shadowmaster must be stopped!

Command knights and whatever followers they are able to recruit to track the Shadowmaster through hazardous, beautiful and mysterious medieval Spain. Explore the hundreds of villages and cities, fortresses and castles, dungeons and palaces and all the secret places where the Shadowmaster may dwell.

Seek what aid you can as you acquire and learn the use of the sorceries of Moorish Spain, for only with the aid of enchantments and the loyalty of strong allies will you stand a chance of ridding the world of the demonic Shadowmaster once and for all.

ARE YOU TOUGH ENOUGH TO TAKE ON THE 21st CENTURY AND SAVE MANKIND FROM HIS UNTIMELY DESTRUCTION BY A GENETICALLY ENGINEERED WAR MACHINE?!

Talk about your work-related stress! As a ZODIAC special agent, your job is to crack the complex security systems of the Universal Cybernetics Corporation and track down the mutant robot they have designed as the ultimate killing machine. You'll arm yourself with a whole arsenal of weapons – everything from hologram projectors to special vision enhancement visors to thermal infra-red image intensifiers. If all else fails – you'll have to rely on your own psychic powers!

FEATURES INCLUDE:

- 16-level 3-dimensional environment complete with fast, smooth scrolling
- Realistic action control of six characters: 2 male, 2 female and 2 droid
- 360 degree vision
- Environmental sound effects

"Tension and unease, with danger lurking around every corner.... This Number One European Hit will keep you on your toes and coming back for more."

he space flight simulator to end all simulators, SHUTTLE is the most accurate and comprehensive simulation of NASA's Space Shuttle ever produced for the home computer.

With the aid of Mission Control, you will master such challenges as deploying and repairing satellites, launching spy satellites, maneuvering your craft in zero gravity, attaining the correct re-entry trajectory, and pulling off complicated landings.

Advanced polygon and elliptical graphics, along with actual land and star maps were used to create the breathtaking 3D panoramas of the Orbiter and its environment, which can be viewed from any angle at any time.

Other features include:

- Authentic control panel display
- Detailed comprehensive training and reference manual
- Numerous training, scientific and "Star Wars" (SDI) Missions
- Multiple help levels from "novice" to "veteran"
- Various launch and landing sites
- Orchestral quality music
- Fold-out Shuttle flight deck poster

SHUTTLE

One dark day follows another in the months after the death of Arthur. Black knights, Saxon invaders, necromancers, even giants plague the land and destroy any chance of peace. Damsels in distress abound and fell beasts plunder and pillage.

From the knights of the Round Table, a hero must be chosen to lead a band to restore right through might. Select from knights of varying feudal loyalties, nobility and mystic powers each time you embark on a new game. With each new assemblage of champions, the course of the game changes.

The first in a series of Fantasy Epic Games with transferable characters, Spirit of Excalibur combines elements of traditional fantasy role-playing, animated adventure and combat simulation games.

As in the best FRPs, the knights and lords, wizards and clerics of the court of Camelot are yours to befriend and command. As they undertake their quests, you'll roam at will through the richly detailed world of mountains and rivers, townships and cities, castles and ruins of medieval Britain. More than 2.5 megabytes of dazzling artwork illustrate your journey as you interact

with the peasants, warriors, maidens, nobles, bandits and other folk of the time.

Years of historical research ensure that this, at last, is the definitive game on Arthurian legends.

May your heart be true and your sword arm strong in your appointed journey!

WONDERLAND

Step into the bizarre logic of Lewis Carroll's spellbinding imagination...

Attend the Mad Hatter's absurd tea party. Meet the caterpillar perched upon his mushroom, dreamily puffing away on his hookah. Drop in on the duchess (is that a baby or a piglet that she is holding?) and her temperamental cook.

You, as Alice, face a plethora of puzzles and puns. Like how to assist the royal gardeners in painting the roses red before the eccentric Queen of Hearts arrives to inspect them. Challenges to perplex and enchant you for hundreds of hours.

But Wonderland isn't just a bewitching story. It's playing environment breaks new ground for computer adventures.

"Innovative," "ambitious" (The Chicago Tribune), "exquisite and impressive" (CGW), "brilliant and insane" (The Electronic Gamer), are more words used to describe Wonderland.

Questbusters calls its windowed universe "the ultimate interface." Stunning graphics, impressive sound board support and a captivating story, all in a sophisticated new windowing system, combine to make Wonderland the richest adventure ever: a game to play, to tell, and to inhabit.

Three Magnetic Scrolls' hits in one package – now enhanced to run under WONDERLAND's Magnetic Windows game environment.

FISH! – The Seven Deadly Fins, an inter-dimensional group of anarchists, are on the loose. 'THE PROJECT' has been sabotaged... can you, a mere goldfish, save the day? FISH is full of what you least expect, lacking all that's rational and devoid of all good sense.

CORRUPTION – Outwardly you're on the fast track to success in the City. But what corruption lurks menacingly just beneath the glittering facade? Corruption is a racy thriller where the only person you can trust is yourself.

THE GUILD OF THIEVES – How sneaky can you get? The answer is 'VERY' to stand an earthly chance of qualifying for entry into the famed Guild of Thieves. In THE GUILD OF THIEVES, treasure abounds but can you find and steal it all?

In 1931, Alfred M. Butts, an out-of-work architect, fervently hoped that a new game he had just devised would change his fortunes. Butts, a lifelong devotee of anagrams and crossword puzzles, called the game "Crisscross Words." Renamed SCRABBLE® in 1948, production of the game began in a little red schoolhouse in Newton, CT. Since then, over 100 million SCRABBLE® brand games have been sold world-wide.

Worthy of any SCRABBLE® connoisseur's collection, your favorite mind-bending word game is back with more style than ever, outshining all previous computer versions.

FEATURES:

- **THE OFFICIAL SCRABBLE® PLAYERS DICTIONARY** – Considered the SCRABBLE® Player's "Bible", this on-screen gem appears in its 100,000-word entirety. Including the definitions to thousands of rare and exotic words, this dictionary provides a wonderful source of reference whether you're playing the game or not. (Hard disk installation is required to utilize the definitions.)
 - **USER DICTIONARY** – Allows you to add words not currently available in the on-screen dictionary.
 - **ANAGRAM** – Enter up to 8 letters and the computer will scramble them around and display every possible word combination.
 - **CROSSWORD** – You enter the word you desire, using *** to fill in the wild cards. The computer looks through the dictionary and fills in the blanks.
 - **TAKE BACK** – "Rewind," "Play" and "Forward" gameplay with a VCR-style button display that permits you to throw out previous moves and start over from any point.
 - **PULL-DOWN MENUS** – Allow you to easily access all the commands and features.
 - **9 LEVELS OF SKILL** – Opt to play against computer players with increasingly challenging levels of expertise.
- Play DELUXE SCRABBLE® with family and friends, or against the master wordsmith of them all, your own computer. For the challenge of building up your vocabulary and strategic skills or just for the fun of it – enjoy the latest and greatest version of the most popular word game around!

A favorite of war strategists and gaming enthusiasts alike!

Risk® © 1959, 1989. Used under license from Parker Brothers.

RISK

Play your favorite game of criminal detection with friends, or against the ultimate master of deduction, your own computer! Or play with a mixture of human and computer-controlled opponents!

Enjoy the enhancements the computer can bring to the game play, such as graphic animation and sound. Watch Miss Peach stroll into the gazebo and hear the twittering of songbirds.

Clue Master Detective has more than ever before to exercise your "little grey cells" – more suspects, more possible murder locations (indoors and outdoors), more weapons – in fact, more mayhem! The game's afoot!"

Clue® Master Detective © 1988. Produced under license from Parker Brothers, division of Tonka Corporation, and Waddingtons Games Limited.

CLUE

Play the bestselling board game of all time with friends, or against the computer, or with a mixture of human and computer-controlled opponents!

Enjoy the thrill and excitement of wheeling and dealing, with the added enhancement of computer animation. Amass and lose great fortunes buying and selling railroads, utilities and properties of all types. Collect rent and increase the value of your properties by building houses and hotels. Vie with crafty stratagem for control of key properties such as Boardwalk and Park Place.

A must for the library of any TRUE gamer!

Monopoly® © 1935, 1985. Produced under license from Parker Brothers, division of Tonka Corporation.

MONOPOLY

Congratulations – it's 1995 and you've been selected for the hottest seat in helicopter history: the cockpit of the AH-73M Thunderhawk. This is the Pentagon's brand new gunship, never before flown in combat, and it's up to you to put her through her paces.

AH-73M Thunderhawk is the most advanced helicopter simulation ever brought to the computer screen. In addition to being a combat simulator, Thunderhawk is also a full-featured, challenging game. Thunderhawk soars above the rest with these features:

- Campaign scenarios with a multitude of missions
- A true "world" to interact with – not just a cockpit, but other locations and characters that respond to your actions.
- A helicopter armed with the latest in weaponry, electronic countermeasures, functioning displays and computer-aided targeting systems.
- Realistic missions reflecting actual military conflicts and contingency plans.

Zip up your flight suit, adjust your sunglasses, and control your nerves 'cause *this one makes Nam look like a day at the beach!*

Imagine, if you will, a universe that holds only a small group of planets. Each planet, a barren shell waiting to be given life. Imagine further, that within this universe there exists the forces of good and evil.

Having only a single Starbase to work from, you set out in ships of your own design, and use them to colonize the barren planets. You must also recruit, train, feed and arm a galactic force to protect these colonies from the evil clutches of your unseen foe, who starts at the other end of the universe, but draws closer with each passing heartbeat.

Strategies are needed to meet the many challenges you will face as you strive to become a great leader. Taxes have to be imposed to raise money to build a stunning array of equipment... all the way from a spy satellite to a hydroponic plant. Mining operations have to be set up and maintained to obtain precious minerals. Farms need to be established to feed your growing populous.

Even as you are establishing that delicate balance called life, an evil and scheming dictator is gazing malevolently at the whole universe with greedy eyes. He schemes to conquer and control. Confrontation is unavoidable.
