Learning resources

Classroom in a Book

The Adobe Classroom in a Book CD includes files for every lesson, in separate lesson folders. Because many of the files are quite large, you may want to first try using the files directly from the CD; if you find that some actions are too slow, you can copy the particular lesson folder to your hard disk. Note that Lesson 3 requires that you copy fonts from the CD to your system.

After Effects tour movie

To watch a brief movie that introduces you to the basic concepts of After Effects, click on the image.

Press Escape at any time to exit the movie.
