Check It Out — Your Business Server Kit

Thanks for requesting the Business Server Kit from Apple Computer. It's all here, on this CD-ROM —

- detailed information and product specifications on Workgroup Server Solutions available from Apple,
- demo versions of several key software programs included with the Solutions, and
- free and trial versions of valuable server management tools from Santorini Software.

We suggest that you "take a tour" of the CD and learn what Workgroup Server

solutions can do for your business. Then call

1-800-522-0990 and ask for extension 300

for a list of Apple Premium Server

Resellers in your area. They can help

you select and customize a Workgroup

Server Solution that's right for your

growing business.

System Requirements

Macintosh® computer with a 68040 or greater processor, 8MB of RAM, Apple System Software version 7.0 or later, QuickTime® 2.1 extension, 640 x 480 display, monitor, double-speed CD-ROM drive.
