

# Read This Before Installing DVD Studio Pro

DVD Studio Pro uses advanced features that are part of QuickTime Pro. If you don't already have QuickTime Pro installed on your computer, you can install the software from the DVD Studio Pro DVD for Mac OS 9. QuickTime for Mac OS X is not included on your DVD Studio Pro DVD because it is included with the Mac OS X v10.1.3 update.

**Important** You must use the registration name and number on the label below to unlock the extended multimedia capabilities of QuickTime Pro.

## Installing QuickTime Pro for Mac OS 9.2.2

### To install QuickTime Pro:

- 1 Insert the DVD Studio Pro DVD into the DVD drive on your computer.
- 2 If necessary, double-click the DVD icon to open it.
- 3 Double-click the QuickTime Installer folder, located in the DVD Studio Pro for OS 9 folder, to open it, then double-click the QuickTime Installer icon and follow the onscreen instructions.

### SOFTWARE SERIAL NUMBER

#### REQUIRED to install your Apple software

You have two identical software serial number peel-off labels.  
Place one label on the inside front cover of your product manual  
and the second label in another safe location.

**5** Click OK.

If a message says the registration information is not valid, follow steps 4–5 again. When you enter the registration number, make sure you type a 0 for the numeral zero. Make sure you don't enter the DVD Studio Pro registration number, which is also on the first page of this document. That number cannot be used to unlock QuickTime Pro.

### **Unlocking QuickTime Pro for Mac OS X v10.1.3**

After you've installed QuickTime Pro on your computer, use the complimentary registration name and number on the label on the first page of this document to unlock the extended multimedia capabilities of QuickTime Pro.

#### **To unlock QuickTime Pro for Mac OS X:**

- 1** Open QuickTime Player.
- 2** Choose Preferences from the QuickTime Player menu, then choose Registration.

- 4 When the Choose Installation Type window appears, click Custom, then click Continue.
- 5 Click Select All, then click Continue.

This replaces any previous version of QuickTime and ensures a complete installation of all components required by DVD Studio Pro.

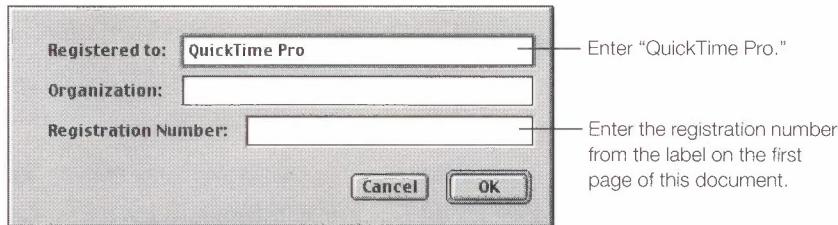

- 6 In the registration window that appears, click Continue. Registration information will be added. It is not necessary to enter any information at this point.

### **Unlocking QuickTime Pro for Mac OS 9.2.2**

After you've installed QuickTime Pro on your computer, use the complimentary registration name and number on the label on the first page of this document to unlock the extended multimedia capabilities of QuickTime Pro.

#### **To unlock QuickTime Pro for Mac OS 9:**

- 1 Choose Control Panels from the Apple (apple) menu, then choose QuickTime Settings.
- 2 Choose Registration from the pop-up menu at the top of the control panel.
- 3 Click Edit Registration.
- 4 Enter the registration information exactly as it is listed on the label on the first page of this document.

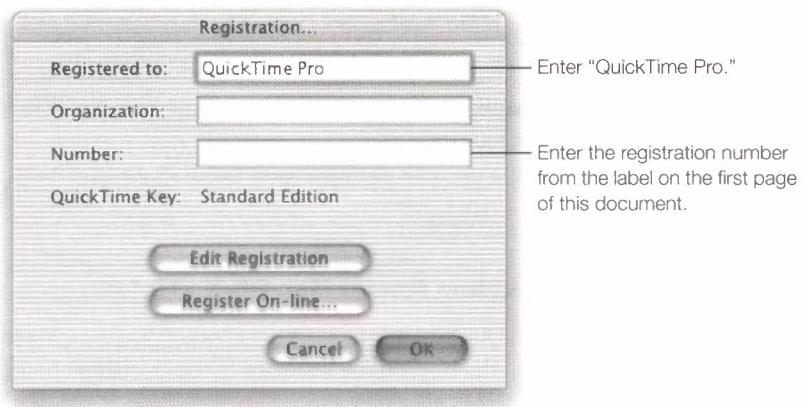

- In the "Registered to" field, type "QuickTime Pro."

**Important** Do not type your name. If you enter your name instead of QuickTime Pro, the QuickTime application is installed, but the enhanced multimedia capabilities of QuickTime Pro will not be available.

- In the "Registration Number" field, type the registration number listed on the label on the first page of this document.

- 3 Click Edit Registration.
- 4 Enter the registration information exactly as listed on the label on the first page of this document.

- In the “Registered to” field, type “QuickTime Pro.”

**Important** Do not type your name. If you enter your name instead of QuickTime Pro, the QuickTime application is installed, but the enhanced multimedia capabilities of QuickTime Pro will not be available.

- In the Number field, type the registration number listed on the label on the first page of this document.

- 5 Click OK.

If a message says the registration information is not valid, follow steps 4–5 again. When you enter the registration number, make sure you type a 0 for the numeral zero. Make sure you don’t enter the DVD Studio Pro registration number, which is also on the first page of this document. That number cannot be used to unlock QuickTime Pro.
