

EL DORADO

Operating environment
(recommended
environment)

- PowerPC (G3 or higher)
- MacOS9, X

~ Prologue ~

At the end of this sea, there is a small island where many treasures have been excavated, and it is bustling with adventurers who dream of making a fortune.

They call this island El Dorado.

According to a recently discovered document, deep within the ruins in the center of the island, along with countless treasures, a treasure that brings happiness to whoever possesses it lies dormant.

[others](#)

~ How to view the screen ~

◆@Player Character
◆A Non-player character
Map
Level C/Physical Strength

~ Basic operation ~

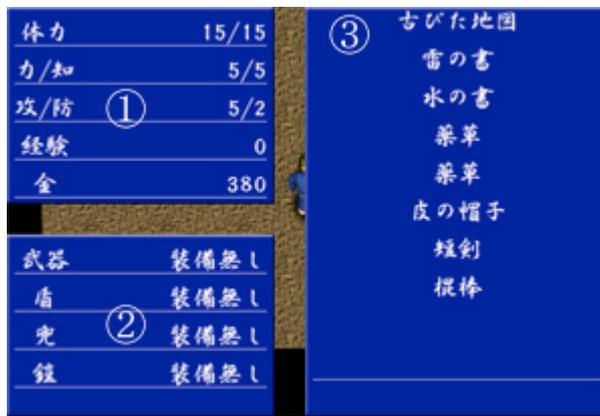

Move	Click the direction you want to move
conversation	• Click on an adjacent character
Attack (direct)	- Click on an adjacent monster
Attack (Bow)	- Click on monsters in the horizontal and vertical directions

~ Status screen display ~

@Click on the player

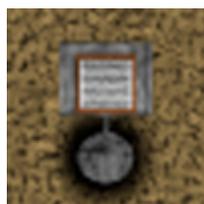

AA select the state from the menu that appears
(if there are other options)

~ How to view the status screen ~

Status			
Physical Strength	When it reaches 0, you die.	force	Affects attack and defense
Knowledge	Affects the power of magic	experience	Level up when you exceed a certain level
gold	Money		
◆A Equipment			
Equip	Click on the weapon (armor) you want to equip from your inventory.		
Remove equipment	Click on the equipment you want to remove		
B. Possessions			
Use tools	Click on the item you want to use from your inventory		
Status Abnormality (shown in the table image)			
poison		Every time I walk, my strength is taken away	
numbness		Weapon attack power is reduced	
Silence		Magic becomes unusable	
Curse		Increased damage taken	

~ Save the game ~

You can save your game data in the Memory Book in the village. Please save your data frequently.

~ Magic, how to use it, and attributes ~

@ Click on the player

◆A Select a spell from the menu that appears

◆B Select the spell you want to use

◆C Select the target

(you must have the spell book you want to use)

Types of magic that can be used	
flame	Burns the target with fire
water	Drops ice blocks on the target
wind	Creates a tornado around the target
thunder	Strikes a target with lightning

Attribute compatibility

• Attributes have compatibility, as shown in the diagram on the left. For example, if you attack with magic or a weapon that has the fire attribute, the power will increase if you attack an enemy with the wind attribute, but will decrease if you attack an enemy with the water attribute.

~ Advice ~

The dungeon changes appearance every time a player enters it.

You need floating grass to return from the dungeon.

You need a key to open the chest

Some weapons and armor have special effects.

Listen carefully to what people say
