This disc is an enhanced multi-session disc, a new type of compact disc which delivers both audio and multimedia to you on one disc. To play this as a standard audio disc, simply insert the "Head Tripp" CD into your CD player and press "play." To play "Head Tripp," the interactive music experience, you need special software from Apple Computer called the CD-ROM 5.1 setup software. If you don't have this software, install the CD called "Head Tripp Software Installer Disc" and double-click on the icon called "installer." Once the software has been installed, your machine will restart, and you will be ready to play Head Tripp. Insert the "Head Tripp" disc and enjoy!

Minimum System Requirements:

A Macintosh with a 68040 Processor or faster

256 Color Monitor or better

At least 11 megabytes of RAM

At least a 13-inch display (640x480 pixels)
