Why use a foreign dictionary?

Communicating internationally requires creating professional documents in more than one language. To provide correct spelling for all of your international materials, Claris has introduced International Spelling Dictionaries in four languages. They will improve your foreign language text in graphics, presentations, project management, publishing, and correspondence with your international associates. The dictionaries are also useful as study tools in schools and universities for developing foreign language skills.

How do they work?

Several Claris applications can use the foreign dictionaries to generate alternate spellings for misspelled words. The spelling checkers employ a unique combination of phonetic and spelling correction functions, so you can be sure of using just the right word for each usage. You can also tailor the dictionaries to your work by adding unfamiliar words, or technical terms used in your profession or activities, to a user dictionary. A customized user dictionary can be shared between all Claris applications that have spelling checkers, saving time and disk space.

What applications do they work with?

These word lists work with the spelling checkers in MacDraw II 1.1, MacProject II 2.0, MacWrite II and FileMaker Pro.

What languages do they come in?

Each dictionary is based on the linguistic standards of its country, and provides you with over 200,000 words [100,000 words in English]. The International Spelling Dictionaries are available in four languages, each available separately:

English [US spellings]
French
German
Spanish

What do they cost?

The dictionaries are available in Australia and New Zealand for \$65, in Canada for \$64.95 and in the UK for £35 each. Each package includes instructions for using the dictionaries with MacDraw II 1.1, MacProject II 2.0, MacWrite II and FileMaker Pro.

How do I order them?

You can order all four dictionaries, or any combination of languages. In Australia, New Zealand, or other countries, contact your authorized Claris dealer. In Canada, you may order by phone using VISA or MasterCard, or by purchase order or money order. [Please see the information on the next page.] In the UK, contact Frontline Distribution, Intec-2, Wade Road, Basingstoke, Hampshire RG24 0NE (0256) 463344.

To order International Spelling Dictionaries (Canada only)
