Nazis Say Other Crossed on 215-Mile

Come and see the sights of Empire Bay!

Start your visit at one of the city's delicious diners, sure to give you plenty of energy for the day's events.

All of the downtown attractions are easily accessible via automobile. Or wander the city by foot, and gaze up at some of the tallest skyscrapers in the country.

Visit the planetarium, and be amazed at the wonder of the solar system in the largest planetarium dome on the eastern seaboard. The planetarium took six years to build and is used by universities throughout the region for scientific and educational purposes.

Save time for shopping. Try on the latest fashions at one of the city's department store chains, or be fitted for a custom suit at a local haberdashery.

When you're done exploring, Empire Bay promises an evening to remember with continental dinner cuisine, world class shows, and exciting nightclubs.

Empire Bay welcomes her visitors and hopes you will come again.
