More Fun and Solid Education

Let me say it, our programs are more fun than almost all other programs in the market! Yes, lots of fun, but the education is as solid as it gets.

Literacy and Reading Program

There is no skill that is more fundamental to success than reading. Phonics 1a makes beginning reading fun and easy with its combination of instruction, songs, words and games.

Instruction - The Help Me 2 Learn Kids give concise instructional presentations about key vowel concepts with visuals that make the letters, sounds and words come alive.

Sing-a-long Songs - The Phonics vowel songs from Twin Sisters Productions teach easy-to-remember vowel concepts and words put to a lively and fun beat.

Learn the Words - The "Learn the Words" section allows the student to see and hear how the words that were introduced in the songs are formed; using pictures, the word sound and phonemic sounds. More short and long vowel words are introduced so that over 600 beginning level words are included in the program.

Activities/Games - The student is challenged with fun and exciting games to identify the short and long vowel words and to earn a silver or gold star on each activity/game.

Final/Review - The Review games challenges the student to use all of their knowledge of short and vowel words to win the final game and become a Super Star!
