

## About HanMac Word-J

### Overview

HanMac Word-J is a full featured Macintosh wordprocessor application to handle Japanese and English text, developed and distributed by HanMac Software, Inc. as a shareware. The licensee fee is US\$35.00 for each copy.

Followings are the abstract of HanMac Word-J features:

- Unit precision in 1/1000 of point, cm, mm, inch, and Q
- Multiple non-contiguous text selection
- Powerful find/replace
- Style-based paragraph formatting
- Multiple columns with variable width
- Multiple sections with independent page number and header/footer
- User definable footnote mark and position
- Support text, picture, graphic, memo, and table frames
- Graphic tools available
- Support post-it like memo
- Easy and powerful table handling
- Save file optionally in compressed format
- Link document files to make a book and create TOC
- Drag & Drop within a document, between documents, from/to desktop
- Palettes: tool, style, character format, shortcut, symbol, table
- Support libraries to save text, picture, graphic, text frame, or table
- Document database to view or search documents
- HTML document conversion with preview
- Internet mail using Eudora
- Help: menu command help, balloon help, dialog help

### System Requirements

- Any Macintosh computer - HanMac Word is provided in FAT Binary format
- System 7.1 or later
- 2.5M bytes of application memory
- QuickTime Manager
- Drag & Drop Manager
- Claris XTND system
- Japanese Language Kit to process Japanese text

### File Conversion

You can convert files created with other wordprocessors through Claris XTND system which is installed automatically along with HanMac Word-J. But it is your responsibility to get and install each individual XTND filter program for the file type you want to convert.

### HanMac Word-J Help

HanMac Word-J is provided without any manual at the moment, but you can get help in many

ways to catch how to use HanMac Word-J commands.

- 1) The Help command in the Apple menu provides descriptions of all menu commands.
- 2) The balloon help provides description of each icon on the document window and palettes.
- 3) When you click the "?" mark on a dialog box, it expands at the bottom and you will see the description of an item pointed by the mouse as you move it around. When you click the "?" again, the help box disappears.

## Registering HanMac Word-J

You can try HanMac Word-J without registration but please be aware that it has following restrictions until you register:

- 1) You are not allowed to use it in Japan.
- 2) You will have a five-second delay to start the program.
- 3) When you print a document, a registration notice appears at the top of each page.
- 4) You can use it for no more than 90 days.

To register, launch Register program, fill ordering information, and save to a disk file and send it by email to following address.

Kagi Shareware  
1442-A Walnut Street #392-PL  
Berkeley, California, 94709-1405  
U. S. A.  
Fax: 510-652-6589  
email: shareware@kagi.com

PLEASE ALWAYS INCLUDE YOUR EMAIL ADDRESS TO WHICH WE COULD SEND A REGISTRATION NUMBER.

It requires 3 to 10 days to process your payment depending on the payment type. When it is done, you will receive the payment acknowledgment from Kagi Shareware, and a serial number from HanMac Software via email.

To register your HanMac Word-J program, click Register from the start-up screen and enter your name, company, and your serial number. Once you register, all restrictions except use in Japan will be removed.

For any questions, comments, bug reports and suggestions, please send an email to hanmacsw@kagi.com or hanmacsw@nuri.net.

## Licensing Agreement

Carefully read the terms and conditions of this license agreement prior to installing or using HanMac Word-J (hereinafter "Software"). Using the Software indicates that the licensee ("you") have read this license agreement and agree to its terms. You further agree that the license agreement is the complete and sole statement of the agreement between you and the licensor, HanMac Software, Inc. ("HanMac") and supersedes any other prior agreement or communication concerning the subject of this agreement. If you do not agree to the terms of this license, do not use the Software and promptly destroy the Software.

## License

HanMac agrees to grant you a non-transferable, non-exclusive license to use the Software outside Japan subject to the terms set forth below. You may use the Software on one computer at a time, or up to the number as specified in the multi-use license. You may make backup copies of the Software solely for archive purposes, which are subject to this agreement. You may not modify, reverse-engineer, disassemble, decompile or decode the Software in order to derive any human perceivable form, or translate, sub-license, resell for profit, lend, rent, or lease any portion of the Software. You may not distribute the Software electronically over a network, or merge it with another program or create derivative works based on the Software.

## Term

This license is effective until terminated. Both the license and your right to use the Software terminates automatically if you violate any part of this agreement. In the event of termination, you must immediately destroy all copies of the Software and related documents.

## Limited Warranty

The Software and related documents are provided as is and without any kind of warranty. HanMac does not warrant that the Software is free from bugs, errors, and omissions.

## Limitation of Liability

HanMac shall not be liable for any direct, incidental, or consequential damages, such as, but not limited to, loss of anticipated profits or benefits, resulting from the use of the Software or as the result of a breach of warranty.

## Support Policy

HanMac intends to provide quality support to licensees who respect this license agreement.

## About HanMac Word 2.0

The HanMac Word 2.0 is a commercial product currently distributed by HanMac Software for Korean Macintosh wordprocessor users. It has all menus, dialog boxes, help messages and the manual in Korean.

## About I-Write
