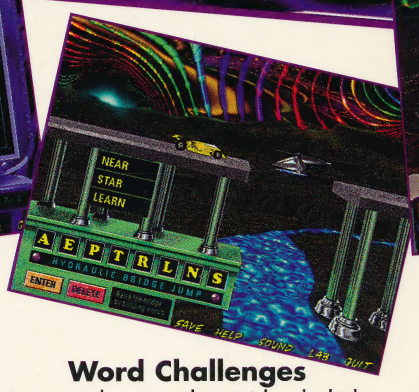
Macintosh

Put your kids on the road to better language skills.

Imagine your kids racing home to practice their spelling. When a program combines video-style game play with solid, school-based curriculum, it could happen faster than you think. Presenting Word City™ Grand Prix Edition. It steers kids in the right direction.

Spelling and Vocabulary
By driving over missing letters to complete a word, kids feel like they're behind the wheel.

List Maker
Weekly tests aren't such a drag when kids customize the game with their own spelling words.



Word Challenges
Because the game has 16 levels, kids can work on language skills at their own speed.

Reading Comprehension
More than a game, Word City is packed with helpful tips, reading materials and 3,500 words.

Kids are motivated to practice when it means driving in a Grand Prix race.

BUY ONE, GIVE ONE FREE
To support your child's learning, we will happily send a free copy of this program to your school. Simply have your child's teacher complete the enclosed form and mail it, along with a nominal shipping fee, to Sanctuary Woods.

Trouble-Shooting

PROBLEM	POSSIBLE CAUSES	POSSIBLE SOLUTIONS
• Error message "Need 256 colors" or "Incorrect bit-depth" appears	• Wrong color setting on monitor	• Check Windows Set Up/Main Program Group for 256 color driver • Check Macintosh Control Panel/Monitors for 256 colors
• Error message "Application error" and/or "General Protection Fault"	• Video driver incompatibility or not in 256 color mode	• Check Windows Set Up/Main Program Group for 256 color driver
• Program runs very slowly or sounds and pictures are not synchronized • Program freezes	• Not enough available memory or problem with virtual memory	• Windows: Check Readme file for suggestions • Macintosh: Deactivate AppleTalk, disable all extensions except QuickTime and Sound Manager, close all windows in Finder, turn off Sound or Music in Sound menu
• Have plenty of memory but get message stating not enough memory	• Program is installed on compressed hard drive	• Re-install program on an uncompressed partition
• Music doesn't play or sounds "funny"	• MIDI mapper in Windows is not properly configured	• See ReadMe file for solutions

If you have questions about using this program, call Sanctuary Woods Monday through Friday, 7 a.m. to 10 p.m., or Saturday from 8 a.m. to 6 p.m. (PST) at (415) 286-6110.

Goal

The goal is to build a road from the green start flag to the checkered finish flag before the 'Copter can block your way! Along the way you will face word challenges that allow you to earn points. When you successfully complete a level, the car will race along the road that you have just constructed. Occasionally you will get to drive your car on the Grand Prix track. Drive the car by using the four arrow keys on your keyboard to earn bonus points.

How to Play

At the Road Map screen, choose an activity: play a New Game, a Saved Game or go to the Lab. If you select New Game, you can then choose game settings from the Cockpit of the car. Follow these simple steps:

- Enter your name. It will appear in the list of saved games when you save it.
- Choose a Word Level. Semi-pro is for ages 7 to 11 and Ace is for ages 10 to 14.
- Select a 'Copter Speed. This will affect how fast the 'Copter works to block your way. Prowling is slow, Jammin' is medium speed and Turbo is fast.
- Click the "Go" button to start your new game.
- If you want to keep the set-up as is, simply click the "Go" button.

The game board will appear and the 'Copter will start dropping oil splats and other things on the game board. To play, click a square and then a direction arrow. Answer the word problem that appears; if you're correct, you get 2 chunks of road in the direction you chose (if they are not blocked).

Menu Bar

On the bottom of the Cockpit screen you will see the following menu bar:

SAVE: Save your current game (up to a maximum of 75).
HELP: Help on using the program.
SOUND: Lets you adjust the volume of the music and sound effects.
LAB : Takes you to the Smart Lab.™ In the Smart Lab, you'll see a GAME button to return to game.
QUIT: Lets you quit.

Challenges

If you accept a challenge and win, you destroy one of the 'Copter's splat supplies. If you turn down the challenge or lose, the 'Copter sucks up a splat supply and might morph into a bigger menace.

Spell Track

Spell Track requires you to complete a word by driving over its missing letters. Read the clue and look at the clue letters in the left-hand panel. Determine the word you are trying to complete. Use the mouse to drive the car over the letter(s) needed to complete the word.

Bridge Jump

In this activity, try to raise the hydraulic bridge by building as many words as you can. Look at the letters at the bottom of the screen. Use those letters to create words. Type the words on your keyboard or click the letter buttons on the screen to make words. Press Enter after each word. Raise the bridge above the 'Copter and your car will automatically jump across the unfinished portion of the bridge.

Decoder

Decode the message. Look at the encoded message. Each letter in the alphabet has been substituted with another letter. To guess a letter, click on one of the small alphabet letters. Hint: Try your vowels first.

Word Shoot

In this activity, instructions appear on a billboard on the left side of the screen. Read the instructions and try to shoot down the requested words. Move the car-cannon right or left with your mouse to aim at a target word and click down to fire.

Saved Games

Choose Saved Games at the Road Map screen to display the Saved Games panel. Highlight an item in the list to play or delete that game. Use the arrows to scroll through the entire list. You can save as many as 75 games; then you'll have to delete some before you can save more. To play a highlighted game, click Play It.

The Diagnostitron

This is the Smart Lab area, where you can hone your skills so the 'Copter will have a more difficult time blocking your way in the game. You can get to the Diagnostitron from the Road Map when you come into the program by clicking the Lab button. To get to the Diagnostitron from the game, click on the Lab button at the bottom of the screen.

The Smart Lab has several controls to help you select what you want to work on. You can select any of the five activities in Word City's Diagnostitron: Spelling, Reading Comprehension, Vocabulary, Speed Reading and The List Maker. You can click either the Semi-Pro or Ace level button, then choose any of eight levels to practice. The Glossary button displays a list of the vocabulary words in Word City, along with their definitions.

Spelling lets you choose a list of words to work on, based on the level you select or on a list that you have entered through List Maker. It shows each word briefly in random order, then hides it. You must then correctly type in the word after you see it flash. Missed words will automatically be stored on a list of unknown words so that you can practice them again.

Reading Comprehension provides tips for analyzing text passages. You are shown a passage of text. Click each button to learn how to determine the tone, subject, title and main character of the passage.

The Diagnostitron (cont'd)

Vocabulary is an interactive game that tests your knowledge of words and their definitions. You will be shown a definition and then have to select the correct word. You can practice your own list of vocabulary words that you entered with the List Maker activity.

Speed Reading will improve your speed at reading a passage. Use the slider bar at the bottom of the screen to increase or decrease the time you have to read the passage. The number displayed in the "Rate" box indicates your rate on a scale of 0 -100. Each line will highlight to help your eye move across the text. When time is up, the text will disappear and you can answer a few questions about the passage to check your understanding of what you read.

List Maker allows you to enter your own spelling words or vocabulary words with their definitions. You can also edit your previously entered lists. You can then practice the spelling words in the Spelling activity and the vocabulary words in the Vocabulary activity.

1. License. The software accompanying this License (hereinafter "Software"), regardless of the media on which it is distributed, are licensed to you by Magic Quest, Inc. and Sanctuary Woods Multimedia (collectively referred to herein as "SW"). You own the medium on which the Software is recorded, but SW and SW's Licensors retain title to the Software, related documentation and fonts. This License allows you to use the Software and fonts on a single computer and make one copy of the Software and fonts in machine-readable form for backup purposes only. You must reproduce on such copy the SW copyright notice and any other proprietary legends that were on the original copy of the Software and fonts. You may also transfer all your license rights in the Software and fonts, the backup copy of the Software and fonts, the related documentation and a copy of this License to another party, provided the other party reads and agrees to accept the terms and conditions of this License.

2. Restrictions. The Software contains copyrighted material, trade secrets and other proprietary material. In order to protect them, and except as permitted by applicable legislation, you may not decompile, reverse engineer, disassemble or otherwise reduce the Software to a human-perceivable form. You may not modify, network, rent, lend, loan, distribute or create derivative works based upon the Software in whole or in part. You may not electronically transmit the Software from one computer to another or over a network.

3. Termination. This License is effective until terminated. You may terminate this License at any time by destroying the Software, related documentation and fonts and all copies thereof. This License will terminate immediately without notice from SW if you fail to comply with any provision of this License. Upon termination you must destroy the Software, related documentation and fonts and all copies thereof.

4. Export Law Assurance. You agree and certify that neither the Software nor any other technical data received from SW, nor the direct product thereof, will be exported outside the United States except as authorized and as permitted by the laws and regulations of the United States. If the Software has been rightfully obtained by you outside of the United States, you agree that you will not reexport the Software nor any other technical data received from SW, nor the direct product thereof, except as permitted by the laws and regulations of the United States and the laws and regulations of the jurisdiction in which you obtained the Software.

5. Government End Users. If you are acquiring the Software and fonts on behalf of any unit or agency of the United States Government, the following provisions apply. The Government agrees:
(i) if the Software and fonts are supplied to the Department of Defense (DoD), the Software and fonts are classified as "Commercial Computer Software" and the Government is acquiring only "restricted rights" in the Software, its documentation and fonts as that term is defined in Clause 252.227-7013(c)(1) of the DFARS; and (ii) if the Software and fonts are supplied to any unit or agency of the United States Government other than DoD, the Government's rights in the Software, its documentation and fonts will be as defined in Clause 52.227-19(c)(2) of the FAR or, in the case of NASA, in Clause 18-52.227-86(d) of the NASA Supplement to the FAR.

6. Limited Warranty on Media. SW warrants the diskettes and/or compact disc on which the Software and fonts are recorded to be free from defects in materials and workmanship under normal use for a period of ninety (90) days from the date of purchase as evidenced by a copy of the receipt. SW's entire liability and your exclusive remedy will be replacement of the diskettes and/or compact disc not meeting SW's limited warranty and which is returned to SW or an SW authorized representative with a copy of the receipt. SW will have no responsibility to replace a disk/disc damaged by accident, abuse or misapplication. ANY IMPLIED WARRANTIES ON THE DISKETTES AND/OR COMPACT DISC, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO NINETY (90) DAYS FROM THE DATE OF DELIVERY. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY BY JURISDICTION.

7. Disclaimer of Warranty on Software. You expressly acknowledge and agree that use of the Software and fonts is at your sole risk. The Software, related documentation and fonts are provided "AS IS" and without warranty of any kind and SW and SW's Licensors (for the purposes of provisions 7 and 8, SW and SW's Licensors shall be collectively referred to as "SW") EXPRESSLY DISCLAIM ALL WARRANTIES, EXPRESS AND IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. SW DOES NOT WARRANT THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET YOUR REQUIREMENTS, OR THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT DEFECTS IN THE SOFTWARE AND THE FONTS WILL BE CORRECTED. THE ENTIRE RISK AS TO THE RESULTS AND PERFORMANCE OF THE SOFTWARE IS ASSUMED BY YOU. FURTHERMORE, SW DOES NOT WARRANT OR MAKE ANY REPRESENTATIONS REGARDING THE USE OR THE RESULTS OF THE USE OF THE SOFTWARE AND FONTS OR RELATED DOCUMENTATION IN TERMS OF THEIR CORRECTNESS, ACCURACY, RELIABILITY, CURRENTNESS, OR OTHERWISE. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY SW OR AN SW AUTHORIZED REPRESENTATIVE SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THIS WARRANTY. SHOULD THE SOFTWARE PROVE DEFECTIVE, YOU (AND NOT SW OR AN SW AUTHORIZED REPRESENTATIVE) ASSUME THE ENTIRE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, SO THE ABOVE EXCLUSION MAY NOT APPLY TO YOU.

8. Limitation of Liability. UNDER NO CIRCUMSTANCES INCLUDING NEGLIGENCE, SHALL SW, OR ITS DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS, BE LIABLE TO YOU FOR ANY INCIDENTAL, INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, AND THE LIKE) ARISING OUT OF THE USE OR INABILITY TO USE THE SOFTWARE OR RELATED DOCUMENTATION, EVEN IF SW OR AN SW AUTHORIZED REPRESENTATIVE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SOME JURISDICTIONS DO NOT ALLOW THE LIMITATION OR EXCLUSION OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU. In no event shall SW's total liability to you for all damages, losses, and causes of action (whether in contract, tort [including negligence] or otherwise) exceed the amount paid by you for the Software and fonts.

9. Controlling Law and Severability. This License shall be governed by and construed in accordance with the laws of the United States and the State of California, as applied to agreements entered into and to be performed entirely within California between California residents. If for any reason a court of competent jurisdiction finds any provision of this License or portion thereof, to be unenforceable, that provision of the License shall be enforced to the maximum extent permissible so as to effect the intent of the parties, and the remainder of this License shall continue in full force and effect.

10. Complete Agreement. This License constitutes the entire agreement between the parties with respect to the use of the Software, the related documentation and fonts, and supersedes all prior or contemporaneous understandings or agreements, written or oral, regarding such subject matter. No amendment to or modification of this License will be binding unless in writing and signed by a duly authorized representative of SW.

Are you ready for the CHAMP?

If you are a high school student preparing for the PSAT or the SAT, you are definitely ready for the CHAMP!

As a registered owner of Word City™ Grand Prix, you are entitled to obtain the CHAMP. The CHAMP is designed for students in grades 9-12. It is an excellent tool to prepare for the new PSAT and the SAT formats. It contains practice questions in vocabulary, analogies and reading comprehension.

Note: The Champ is also great for adults who want to increase their vocabulary or challenge their critical thinking skills.

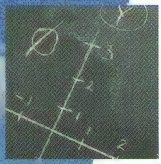
Kids say the darnedest things.

To develop the programs in this catalog we asked thousands of kids what they think, how they feel.

And that made all the difference. Because kids are different. They don't all learn the same way or like the same things. Which is why our library of award-winning software has something for everyone.

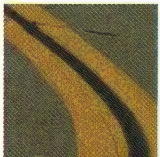


Regardless of the program, though, there is one thing you can be certain of. Your child will learn important new skills. How can we be so sure? For starters, our products are kid-tested before they're

ever offered to you. More than that, teachers have tested our software against the most popular competitive products. The results are simple: teachers prefer Sanctuary Woods kids' products two-to-one.

Perhaps it's because the programs inside contain extensive educational content that kids find so engaging they'll play with our software again and again.

But don't take our word for it. Ask your kids what they think. With a 30-day, money-back guarantee (available in the U.S. only) your family's satisfaction is assured.

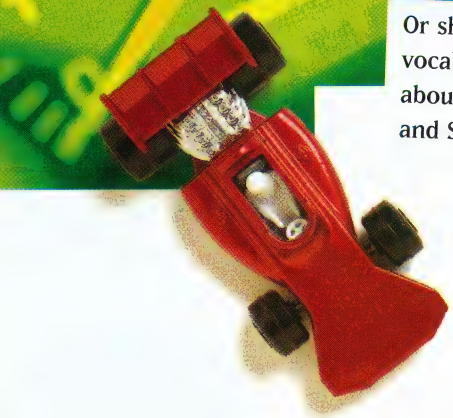


Word City Grand

Weekly spelling tests aren't a drag anymore.

Enter a list of words and practice them in a race to build roads in the wacky town known as Word City.

Or sharpen reading comprehension and vocabulary skills while discovering more about favorite subjects such as Sports and Science.



With eight levels of difficulty for kids ages 7 to 14, this update to the original Word City contains all-new graphics, music and sound effects.

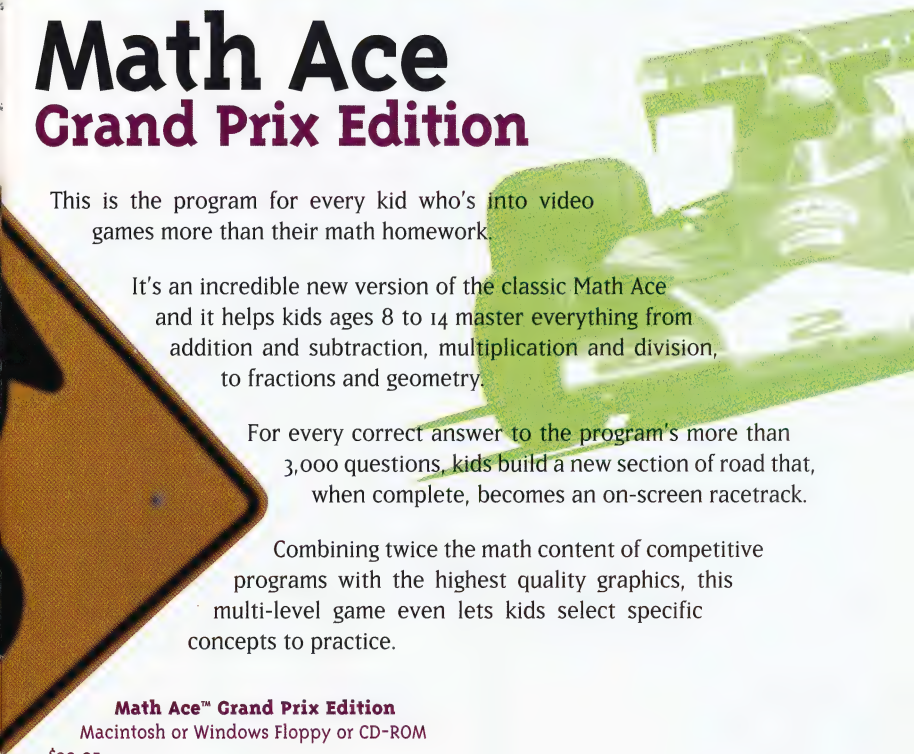
Math Ace
Grand Prix Edition



This is the program for every kid who's into video games more than their math homework.

It's an incredible new version of the classic Math Ace and it helps kids ages 8 to 14 master everything from addition and subtraction, multiplication and division, to fractions and geometry.

For every correct answer to the program's more than 3,000 questions, kids build a new section of road that, when complete, becomes an on-screen racetrack.

Combining twice the math content of competitive programs with the highest quality graphics, this multi-level game even lets kids select specific concepts to practice.

Math Ace

A computer virus is about to contaminate the motherboard. Only the correct answers to a range of math questions can stop it.

One of the most popular drill-and-practice products in the country, Math Ace is fast-action fun for kids ages 8 to 14. In fact, it's as much fun as a video game and a whole lot better for your kids—with multiple levels of difficulty covering twice the content of competitive math programs.

Math is a life-long skill. So why not start your child off with a program that makes it an adventure?

In Bit-Bot's Math Voyage kids ages 5 to 8 don't just learn math, they learn to love it when they discover essential concepts such as addition, subtraction, multiplication, counting money and telling time in an undersea world that makes learning math a rewarding experience—especially when kids get to create their own on-screen aquarium awash with zany fish and treasures.

Join **Franklin** on a Reading Adventure

What happens when a popular book character stars in an incredible new program for kids ages 4 to 7? See for yourself when Franklin, fresh from the popular book series available from Scholastic, comes out of his shell and onto computer screens this August. An entertaining way for kids to improve their reading skills, Franklin's Reading World™ includes stunning graphics, amazing animations and original music.

Show & Tell Words

The magical world of words comes to life when interactive graphics, animations and sounds define nouns, verbs and difficult to understand concepts such as bumpy and smooth.

Simple enough for pre-schoolers and engaging enough for six-year-olds, kids point and click on the program's charming characters to see words spelled and pronounced in English or Spanish. Best of all, kids remember what they've learned when they get to print and color their own word and sentence books.

TRAVELRAMA

Geography becomes a coast-to-coast adventure when kids ages 7 and up play against the computer (or each other) in this cross-country game.

Using a Rand McNally road map as their guide, up to four players scour the United States in search of monuments, national parks, historical locations and points of interest.

Will the shortest route take you where you need to go or will you run out of gas half-way? Will you ride a motorcycle, take a limo or hop a plane? Find out as you collect picture postcards of your amazing travels.

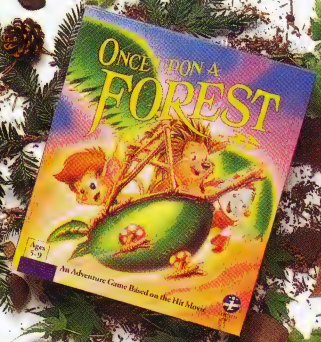
Digby's Adventures

In this charming program by the acclaimed actress, kids ages 3 to 7 meet all sorts of endearing animal characters, such as a wise old St. Bernard, a streetwise cat and mouse and, of course, Digby the one pound dog.

Depending on the choices your child makes, Digby could get lost, run through an open gate when he's frightened or run away from home when he's sad.

With original songs and important lessons about what it means to be a family, your child is sure to enjoy all three adventures.



Once Upon a Forest

Now your child can jump through the screen of this Twentieth Century Fox classic and become part of the action to help Abigail, Russell and Edgar rescue a sick friend.

An adventure game designed specifically for kids ages 5 to 9, Once Upon A Forest helps kids learn about problem-solving and teamwork as they visit an enchanted forest filled with delightful friends and dangerous foes.

Kids benefit the most when they're able to use the same software at home and at school. But school budgets are tight, which is why you should know the family indicated above, as a participant in Sanctuary Woods' Buy One, Give One Free program, would like to donate a software package to your school. To receive this free program:

1. Match the product listed above with its description in the attached catalog.
2. If you would like to receive a FREE copy, complete the information below.
3. Return this form, along with the family's supplied original dated cash register receipt as proof of their purchase and a check for $7.95 to cover shipping and handling.
4. You will receive your free software program in about 30 days.
