QUEST FOR THE BEST

FETC/ FATIC '96 CD-ROM

1996 FETC & FATIC CD-ROM

This CD-ROM, prepared especially for FETC & FATIC conference participants, contains files submitted by conference presenters as well as many other files and folders in which Florida educators will find many items of interest, from shareware...to information about Florida's many technology initatives...to 1996 FETC Poster Contest winning artwork submitted by students all across the state...to telecommunications programs and information...to information about the UCF/DOE Instructional Technology Resource Center and its many products and services—all for Florida educators!

Contents *(Directories/Folders)*

Conference: Files include information about FETC & FATIC , sponsoring associations, and materials submitted especially for this CD-ROM by conference presenters (listed by the main presenter's last name followed by the session number). These session materials include multimedia stacks, page layout files, and word processing documents as submitted by the presenter. Some have been converted for access by both platforms.

Poster Contest Winners: Winning entries from the 8th Annual FETC Poster Contest co-sponsored by the UCF/DOE Instructional Technology Resource Center and the Florida Department of Education.

Telecommunications: A wide variety of programs and files to help you access the Internet and make your work with telecommunications easier and more productive including FIRN PPP files and training materials.

Adaptive/Assistive: Resources to assist educators in using technology to meet the needs of special students.

Florida DOE: Information about many Florida technology initiatives including the complete Educational Software Project Catalog and a directory of official technology, media ITV and MIS contacts.

Shareware/Freeware: Top education-related shareware and public domain software from FDLRS-Tech and elsewhere.

UCF/DOE ITRC: Free and inexpensive products and services available to Florida educators including the Technology Hot Line, the Florida TechTeam, the Multimedia Training Center, training materials, workshops, Digital Florida, and more.

Utilities: All the software you need to use this CD-ROM including Roger Wagner Publishing's HyperStudio Player, Microsoft PowerPoint Viewer, and Adobe Acrobat Reader. (See installation directions on back of this folder.)

2/96--Orlando

For Windows 3.x Users

1. Put the FETC CD-ROM in the CD-ROM drive.
2. Start Windows.
3. In the Program Manager window, click on File and then click on Run.
4. In the Command Line box, type the drive letter for the CD-ROM drive (often this is the D drive), followed by a colon, backslash, and the phrase install\setup. For example, type:

   d:\install\setup

   (Setup copies files from the CD-ROM to an FETC96 subdirectory on your hard drive and creates a group called FETC96 on your Windows desktop.)
5. Click on OK.
6. At the Destination Directory screen, just click on OK.
7. Click on Intro in the FETC96 group from the Windows desktop to begin the introductory program and to complete the installation procedure. Once you have completed this program, you will be able to use the Windows File Manager (from Main) to explore the files on the CD-ROM.

Minimum Hardware/Software Requirements for Windows Users:

> 386 or higher
> 4 MB RAM
> Windows 3.1 or higher
> 256 colors or better

For Macintosh Users

1. Put the FETC CD-ROM in the CD-ROM drive.
2. Double-click on the Start Here icon
3. Double-click on the Introduction & Installer icon.
4. Once you have completed this program you will be able to explore all the folders on the CD-ROM by clicking on the section icons.

Minimum Hardware/Software Requirements for Macintosh Users:

> Macintosh LC or higher
> Mac OS 6.0 or higher
> 8MB RAM System 7.1 or higher
> 4MB RAM System 6.0.8
