-  Spelling
-  Creativity
-  Original Songs

-  Developed by a Teacher
and Loved by Kids

MODERN MEDIA VENTURES PRESENTS

"GUS GOES TO THE MEGARIFIC MUSEUM"

Welcome to "Gus Goes to the Megarific Museum," the fifth in the series of learning adventures from Modern Media Ventures. This self-guided, interactive, learning experience will build multiple skills and provide hours of engaging fun as Gus and your children search for the elusive Cyberbuds: Rant, Rave, Rom and Rae.

START UP - MACHINE REQUIREMENTS AND TECHNICAL SETUP.

- To run properly, for both Mac and MPC versions, video mode must be set to 640X480 by 256 colors.

MAC Version CD-ROM

LCIII or faster including Performa, Quadra, and PowerMac Series, 256 colors, 13" monitor, 8MB RAM, System 7.0 or later, CD-ROM drive.

Insert the Museum CD-ROM disk. Double-click on the Gus Head icon. A window will open and display a Gus Head and other icons. For optimal performance, use the versions of QuickTime and Sound Manager provided in the folder. Double-click on the Gus Head icon to begin playing in the Museum.

MPC Version CD-ROM

386/25MHz or faster, 13" monitor VGA color monitor (or larger) and graphics card running at 256 colors, 8 MB RAM, Windows 3.1, SoundBlaster or a compatible sound card, mouse, CD-ROM drive.

Insert the Museum CD-ROM disk. From within Windows Program Manager, select **File, Run** and then following the line labeled **Command**, type `x:\install.exe` ("x" equals the letter of your CD-ROM drive). The Museum installer adds Quicktime for Windows, creates a Gus Head icon and optionally reboots your machine. To begin playing, double-click on the Gus Head icon, which is located in the Gus Games program group.

Windows 95 Version CD-ROM

Insert the Museum CD-ROM disk. If the introduction screen doesn't appear, follow these steps:

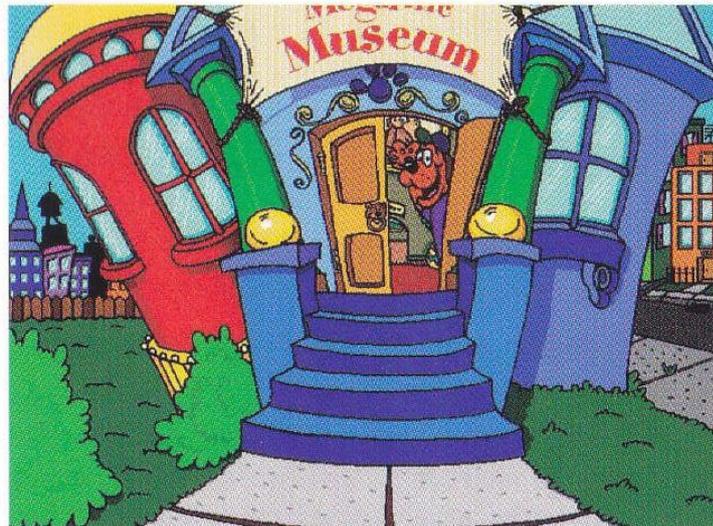

Click the **Start button** on the Taskbar. Select **Settings**, then **Control Panel**. In the Control Panel, double-click on the **Add/Remove Programs** icon. On the upper portion of the **Install/Uninstall tab**, click the **Install** button. When prompted to insert CD-ROM, click on **Next**. The command line that appears will read: `X:\INSTALL.EXE` ("x" equals the letter of your CD-ROM drive) After software is installed, click **Start** button on the Taskbar to access the Start menu. Select **Programs**, then click **Gus Games** from the pull-down menu. Then click the **Museum** icon.

Program Overview:

The underlying purpose of the program is to encourage children to explore, participate in learning activities, and promote intellectual curiosity. In this title, we believe that children will be motivated to develop an interest and an appreciation of the arts. We also believe this title will encourage kids to express those wonderful creative ideas that lie within each of them.

You can set the level of difficulty for **The Find the CyberBud Game** at the start of the program. The object of the game is to find the CyberBuds in each of the 4 wings. To see which CyberBuds you are searching for, click on the Bud Meter located under the help button in each wing. Each time you discover a CyberBud, they will become colorized in the Bud Meter. When the entire Bud Meter becomes colorized, that means you have found all the CyberBuds and can join Gus and his friends in the Museum Theater for more fun.

To Play:

"Gus Goes to the Museum" features 9 environments. Four environments are directly accessible from the Lobby by clicking on the different signs above the entrance or the entrance way itself. These include the **Prehistoric Wing**, the **Ancient Egyptian Wing**, the **Greek and Roman Wing** and the **Modern Art Wing**. Once inside these environments, there are five additional places to explore. **Can You Spot It? Game**, can be accessed by clicking on the Shadows of the dinosaurs in the Dinosaur Mural, **Dinosaur Match Game** can be accessed by clicking on the Fossil on the shelf and **Dinosaur Puzzles** can be accessed by clicking on the Floor in the Cave Display. Inside the Ancient Egyptian Wing, you can play **The CyberGlyphics Game** by clicking on the Gus Sphinx in the Egyptian Mural, and the **Tic-Tac-Tut Game** by clicking on the Tic-Tac-Toe drawing in the Egyptian Mural as well. **The Great SpartaGus Math Game** can be accessed by clicking on the Arena Mural in the Greek and Roman Wing.

HELP BUTTON

Located in every screen. Provides directions for

each screen activity and gives information about the Bud spottings.

BUD METER

Accessed by clicking on the help button. Allows you to keep track of how many Bud Spottings you've

made within each environment and how many more you need to find to complete the game. From here you can hyperlink to any environment.

EXIT BUTTON

Located in every screen. Allows you to

return to the prior screen. If you are in the main screen, it will allow you to exit the program.

ABOUT THE ENVIRONMENTS:

Prehistoric Wing

Things to do:

- Find each CyberBud - Uncover the hidden CyberBuds and hear interesting fun facts.
- Animated Hotspots - Explore the Prehistoric Wing as things come to Life.
- Match a Dinosaur - Identify different dinosaurs as you match them in their environments.
- The Can You Spot it? Game- Learn about the world as it might have been when the dinosaurs used to roam, while developing observation skills.
- Dinosaur Puzzles - Complete a Tyrannasaurus Rex puzzle, while developing problem solving and perceptual skills.
- Prehistoric Kiosk - See and hear facts about different dinosaurs and fossils.

Can You Match a Dinosaur? - access by clicking on the Fish Fossil in the display rack. Look at the dinosaur that comes onto the screen. Now try to find the same dinosaur that is down at the bottom in the Dino Bar. When you find the same one, just drag and plop it onto the other one above. When you have made a correct match, watch the dinosaur come to life. If you have made an incorrect match, the dinosaur will snap itself back into the Dino Bar. If you'd like to match a new picture, click on the New button.

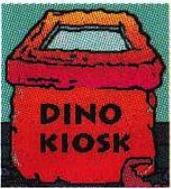

Can You Spot It? - access by clicking on the **Dinosaur Shadows** in the **Dinosaur Mural**. There are 3 dinosaurs hidden in each black and white scene. To play, look at the dinosaurs below. (There are a total of 9 dinosaurs you can choose from but only 3 will appear at once on the Dino Bar. Click on the More button to see all of them). Now carefully look at the black and white picture and see if you can spot any of them. When you have, just drag and plop the dinosaur from below onto the matching one above. When you make a correct match, that dinosaur will get colorized. When you have found all 3 in the picture, watch the entire picture come to life. If you have made an incorrect match, the dinosaur will snap itself back into the Dino Bar. If you'd like to Spot a new picture, click on the New button.

Dinosaur Puzzles - access by clicking on the **Stone Floor** in the **Cave Diorama area**. Just drag the puzzle pieces into the screen until you have put the puzzle together. When a piece has been placed correctly, it will snap into place. If you'd like to put together a new puzzle, click on the New button.

***Hint - click on the smaller picture on the top if you need help putting the puzzle together.**

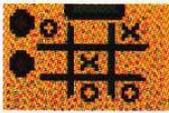

Prehistoric Kiosk - access by clicking on the **Kiosk** in the **Prehistoric Wing**. Welcome to the prehistoric Kiosk where you will see and hear facts about dinosaurs and fossils. To use the Kiosk, just click on the Start button and a picture of a dinosaur or fossil will appear in the screen. To hear more information about any picture, click on the More button. To move to the next picture click on the Arrow that points to the Right. To go back to the previous picture, click on the Arrow that points to the Left.

Ancient Egyptian Wing

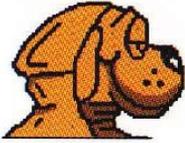

Things to do:

- Find each CyberBud - Uncover the hidden CyberBuds and hear interesting fun facts.
- Animated Hotspots - Explore The Ancient Egyptian Wing as things come to Life.
- Tic-Tac-Tut - Play the all-time favorite game of Tic-Tac-Toe.
- The CyberGlyphics Game - Mix and Match pictures and words as you play with Gus's very own ancient written language.
- Ancient Egyptian Kiosk - See and hear facts about different Ancient Egyptian historical objects.

Tic-Tac-Tut - access by clicking on the Tic-Tac-Toe picture on the Egyptian Mural.

Play Tic-Tac-Toe with King TutGus and his friends. Just choose an opponent by clicking on them. Now click on King TutGus and drag and plop his head into a space. Once you plop King TutGus's head, your opponent will automatically take a turn. The first player to get three heads in a row, wins. To choose a new opponent, click on the New Opponent button.

The CyberGlyphics Game - access by clicking on the Gus Sphinx head in the Egyptian Mural. You can mix and match pictures and words using Gus's CyberGlyphics. Click on the level changer at the top of the screen to move among 3 levels.

Level 1 - Match the CyberGlyphs. Look at the pictures in the big window. Now try and find the same pictures below and drag and plop them into the matching ones above. Each time you make a correct match, the word will highlight and the picture will animate. When you have matched all the pictures, the sentence will be read back to you. If you want to match a new sentence, click on the New Sentence button. To hear any of the names for the pictures below, double click on them. To hear any word again, click on that word.

Level 2 - Match the CyberGlyphs to the words. Read the sentence that appears underneath the big window in the middle of the screen. Now look at the pictures below and try to find one that stands for each word. When you have found one, drag and plop it into the big window.

Level 3 - Create your own CyberGlyphics. Choose from any pictures below and drag and plop it into the big window above. When you have completed a sentence, click on the Read Sentence button and hear your CyberGlyph read to you. Once your sentence has been read, the window will clear and you can make a new one. You can also drag a picture from below and plop it onto an old one.

***Hint - The verb must always be placed in between the nouns.**

Ancient Egyptian Kiosk - access by clicking on the Kiosk in the Ancient Egyptian Wing. Welcome to the Ancient Egyptian Kiosk where you will see beautiful artifacts and hear information about this period of time. To use the Kiosk, just click on the

Start button and a picture will appear in the screen. To hear more information about any picture, click on the More button. To move to the next picture, click on the Arrow that points to the Right. To go back to the previous picture, click on the Arrow that points to the Left.

Greek and Roman Wing

Things to do:

- Find each CyberBud - Uncover the hidden CyberBuds and hear interesting fun facts.
- Animated Hotspots - Explore The Greek and Roman Wing as things come to Life.
- The Great SpartaGus Math Activity- Develop number/object correspondence, counting, addition and subtraction skills as you count coins and numbers.
- Greek/Roman Kiosk - See and hear facts about different Greek and Roman historical objects.

The Great SpartaGus Math Activity - access by clicking on the Coliseum Mural in the Greek and Roman Wing. Watch the chariots do a dance as you count coins and numbers. Click on the Rabbit in the audience to move among 4 levels of difficulty.

Level 1 - Number/Object correspondence. Count the number of goblets you see and then click on the correct number below.

Level 2 - Addition and Subtraction of numbers from 1 -20. Add or subtract the numbers on the stage and click on the correct number below.

Level 3 - Fill in the Missing Number. Add or subtract the numbers on the stage to find the missing number and click on the correct number below.

Level 4 - Combined operations. Add and subtract the numbers that appear on the stage and click on the correct number below.

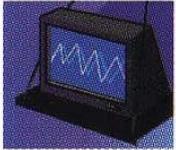

Greek and Roman Kiosk - access by clicking on the kiosk in the Greek and Roman Wing. Welcome to the Greek and Roman Kiosk where you will see beautiful artifacts and hear information about this period of time. To use this Kiosk, first click on Greek to view Greek pictures or Roman to view Roman pictures. To hear more information about any picture, click on the More button. To move to the next picture click on the Arrow that points to the Right. To go back to the previous picture, click on the Arrow that points to the Left.

Modern Art Wing

Things to do:

- Find each CyberBud - Uncover the hidden CyberBuds and hear interesting fun facts.
- Animated Hotspots - Explore The Modern Art Wing as things come to Life.
- Modern Art Kiosk - See and hear facts about different art pieces of the 20th century.

Modern Art Kiosk - access by clicking on the Kiosk in the Modern Art Wing.

Welcome to the Modern Art Kiosk where you will see beautiful pieces of art and hear facts about this period of time. To use this Kiosk, first click on either the Impressionism button to view Impressionist pictures or 20th Century Button to view 20th Century picture. To hear more information about any picture, click on the More button. To move to the next picture click on the Arrow that points to the Right. To go back to the previous picture, click on the Arrow that points to the Left.

PROGRAM LICENSE AGREEMENT

1. LICENSE. Modern Media Ventures Inc. (MMV) grants you a non-exclusive license to use this MMV software product (Program) subject to the terms and conditions set forth in this License Agreement. You are responsible for the selection of the Program to achieve your intended results, and for the results obtained in the Program. By using the Program included with this agreement you will indicate your acceptance of the terms of this legal agreement between you, the end user, and MMV. The Program, together with all accompanying items is provided to you only upon the condition that you agree to the terms of this agreement. If you do not agree to the terms of this agreement and do not want your act of using the Program to indicate your acceptance of the terms of this agreement, promptly return the Program together with all accompanying items to your dealer for a full refund.

2. **COPYRIGHT.** This Program is owned by MMV and is protected by United States and international treaty provisions. You may not make reproductions of the program or documentation that accompanies the Program.

3. **RESTRICTIONS ON USE AND TRANSFER.** You may use the program on only one computer at one time. You may not network the product or otherwise use it on more than one computer or computer terminal at the same time. You are entitled to use the Program for your own use, but may not sub license, rent, lease or assign the Program. You may transfer the Program to another party if the other party accepts the terms and conditions of this License Agreement. If you transfer the Program, you must also transfer all accompanying items to the other party. Such a transfer terminates your license to the Program.

4. **LIMITED PROGRAM WARRANTY.** MMV provides a thirty (30) day warranty from the original retail purchase date that the Program is free from errors or defects that will interfere with the operation of the Program as described in this manual. If you believe you have found any defects in the Program during the warranty period, please call technical support at 415-546-1515. MMV will attempt to make the Program operate as warranted by providing a correction. If any such error or defect cannot be corrected or reasonably avoided, MMV will inform you how to obtain a corrected Program disk.

5. **DISK REPLACEMENT POLICY.** If any disk supplied with the Program fails within thirty (30) days from the original retail purchase date, for reasons other than accident or misuse, MMV will replace disk, if the defective disk and dated proof of purchase are provided. You assume all shipping and handling charges for replacement of the Program under this warranty. This policy applies to original purchaser only and only if the Program is licensed and located in the United States.

6. **LIMITATIONS ON WARRANTY.** The remedies described above are your exclusive remedies and MMV's entire liability.

MMV WARRANTS ONLY THAT THE PROGRAM WILL PERFORM AS DESCRIBED IN THIS MANUAL AND THAT THIS IS THE EXCLUSIVE AGREEMENT BETWEEN US WHICH SUPERSEDES ANY PROPOSAL OR PRIOR AGREEMENT, ORAL OR WRITTEN RELATED TO THE SUBJECT MATTER OF THIS AGREEMENT.

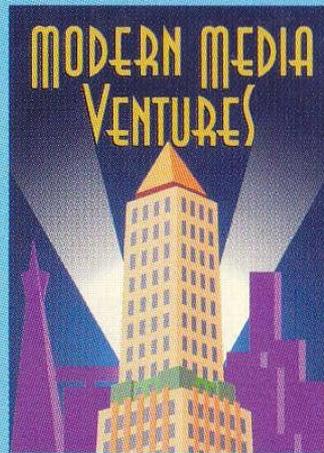

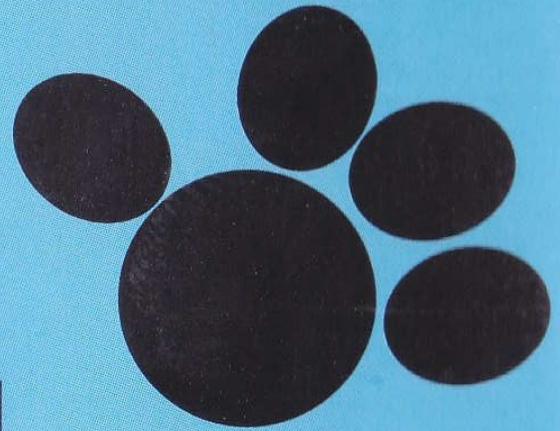

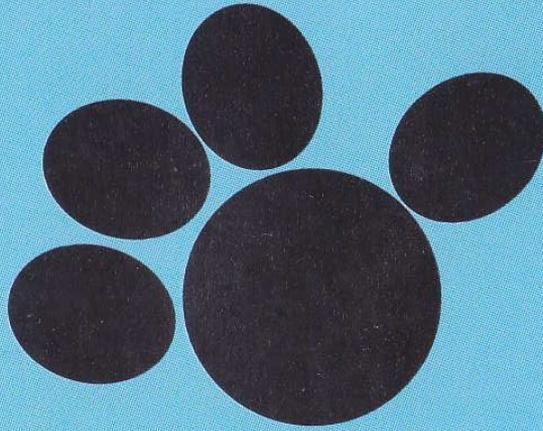

IN NO EVENT WILL MMV BE LIABLE TO YOU FOR ANY DAMAGES, INCLUDING LOST PROFITS, LOST BENEFITS, OR OTHER DIRECT OR INCIDENTAL OR CONSEQUENTIAL DAMAGES, RESULTING FROM THE USE OR INABILITY TO USE THE PROGRAM OR ANY BREACH OF WARRANTY. MMV'S LIABILITY TO YOU FOR ACTUAL DAMAGES FOR ANY CAUSE WHATSOEVER, AND REGARDLESS OF THE FORM OF ACTION, WILL BE LIMITED TO THE MONEY PAID FOR THE PROGRAM THAT CAUSED THE DAMAGES OR THAT IS THE SUBJECT MATTER OF, OR IS DIRECTLY RELATED TO, THE CAUSE OF ACTION.

Some states do not allow the exclusion or limitation of direct, incidental or consequential damages, so the above limitation may not apply to you.

7. **TERM.** This license agreement is effective until terminated. You may terminate at any point by destroying the Program and all accompanying items. It will terminate automatically if you fail to comply with any term or condition set forth in this agreement. Upon such termination you agree to destroy all copies of the Program.
