From the Dementor™ attack in Little Whinging to the epic battles at the Ministry of Magic, experience all of the harrowing action of Harry's fifth year at Hogwarts School of Witchcraft and Wizardry.

With the wizarding world in denial about Voldemort's return, Harry recruits a small group of his fellow students — and secretly trains them in practical defensive magic. The group name themselves 'Dumbledore's Army' (D.A.).

Take up Harry's wand and explore the dark corridors, secret rooms and extensive grounds of Hogwarts. Compete in Mini-Games, talk to enchanted portraits and perfect your spell-casting.

SPELL-CASTING

To defend himself and his companions, complete his missions and successfully explore Hogwarts, Harry must cast all sorts of spells. To master spells Harry must perform gestures with his wand, which he learns throughout the game. If you forget how to perform a spell, you can review all the spell gestures you have learned in the Spell List on the Pause menu.

DUMBLEDORE'S ARMY

Since Umbridge™ won't allow the students to practice any Defense Against the Dark Arts (DADA) spells, Hermione convinces Harry to take matters into his own hands. Harry and a small group called Dumbledore's Army (the D.A.) meet secretly in the Room of Requirement. The spells they learn there will prepare the young wizards for their O.W.L.s and for a confrontation with Voldemort and his Death Eaters.

Explore Hogwarts with Harry to recruit all the members of the D.A., then teach them Defense Against the Dark Arts in the Room of Requirement.

DISCOVER HOGWARTS

When Harry isn't training other students or practicing Defense Against the Dark Arts, he can explore Hogwarts to discover some of its magical secrets.

MARAUDER'S MAP

Use the Marauder's Map to find characters, tasks and locations in the game.

Press TAB to access the map.

Press ← arrow to view locations on the map.

Press → arrow to see the active tasks on the map from the tab to the right of the map. Then select the name of the person you want to find and see where they are in the castle.

Press ↑/↓ or use the mouse to scroll through either list.

Press RETURN when you have a person or location highlighted, to see where they are on the map in relation to Harry's current location.

TIP

If you get confused about which way to go, access the Marauder's Map and pick the location or task you wish to locate. Then return to the game and follow the direction of the footprints – they'll point you in the right direction.

DISCOVERABLES

There are many items that Harry can interact with scattered throughout the castle. Try casting spells on various items. When Harry uncovers these, he earns Discovery Points. When he earns enough Discovery Points, he can unlock different items in the Room of Rewards.

TIP:

You may come across broken objects as you explore the castle. Cast a quick *Reparo* spell to set things right in no time.

MISSIONS

To get around Hogwarts and to assemble Dumbledore's Army, Harry will need to talk to students, teachers, portraits, ghosts and gargoyles and complete various missions for them. Complete the task they assign and they may reward you!

HOGWARTS PORTRAITS

The enchanted portraits dotted around Hogwarts guard hidden shortcuts that Harry can use to quickly go from one area of the castle to another. However, to get past a portrait, Harry will need to learn its password by completing a task or a puzzle.

TIP

Look for pairs of portraits. If you find the same portrait in two different areas of the castle, there is usually a shortcut from one area to the other. But you have to know the password to use it.

WIZARD GAMES

Test your skills against the top players in every Hogwarts house. If you can outplay the best at Exploding Snap, Gobstones and wizard chess, you earn Discovery Points.

WIZARD CHESS

Wizard chess is much like Muggle chess, except the game pieces follow the commands of the players and actually engage in battle to destroy the opposing pieces. Approach a pair of students playing wizard chess and press SPACEBAR to challenge one of them to a game.

- ✦ Press ↑/↓/←/→ to move the highlight and then press RETURN to select that piece.
- ✦ Press ↑/↓/←/→ to move the highlight and then press RETURN to select a position to move the piece to.
- ✦ Press A/S/D/W to reposition the camera to get a better view of the board.

GOBSTONES

Approach a pair of students playing Gobstones and press SPACEBAR to challenge one of them to a game.

- ✦ To flick a Gobstone press ↓ and then quickly press ↑. The longer you hold ↓, the harder the stone is flicked.
- ✦ Press A/S/D/W to reposition the camera and aim your shot.

There are three ways to play and win at Gobstones. Harry's opponent sets the rules before the game begins.

Traditional Rules

Knock more Gobstones out of the ring than your opponent.

Snake Pit Rules

Get your Gobstones closer to the pit than your opponent.

Jack Stone Rules

Get your Gobstones closer to the jack than your opponent.

EXPLODING SNAP

Approach a student playing Exploding Snap and press SPACEBAR to join the game. There are two ways to play Exploding Snap. In one version you match pairs:

- ✦ Press A/S/D/W to move the highlight.
- ✦ Press RETURN to select a card. When two have been uncovered that are the same, you win those cards.

In the other you win the revealed stack of cards by pressing the SPACEBAR/RETURN when two of the same cards appear back-to-back.

ROOM OF REWARDS

Once Harry earns Discovery Points, he finds the Room of Rewards. In the room, he can see the rewards that he's unlocked and also what he needs to do to unlock the unavailable content.

PAUSE MENU AND OPTIONS

Most game options are self-explanatory. Those that require clarification are explained below.

GAME INFORMATION

From defeating other players in the wizard games, to obtaining all of the portrait passwords, there are many things to do in *Harry Potter and the Order of the Phoenix*. This screen shows you what you've achieved and the challenges that you have yet to complete.

SPELL LIST

If you forget how to cast any of the spells in the game, you can review the gestures from the Spell List.

- ✦ Press ←/→ or use the mouse to click the left/right arrows to alternate between Non-Combat Spells and Dueling (Combat) Spells.

ENDLESS DAY

If you haven't found all of the discoverables (you can see what you need to find at the Game Information screen in the Pause menu), you can continue your game in the ENDLESS DAY when the narrative game is complete, to focus solely on finding all of the goodies.

OCCUMENCY

In addition to all of his other coursework, Dumbledore™ asks Harry to study this subject with Professor Snape™, to learn how to block other wizards from seeing his thoughts and memories.

- Use your wand to force Snape's wand back to center by repeatedly pressing **↑/↓/←/→** in the direction you want to move Snape's wand.

SAVING AND LOADING

Harry Potter and the Order of the Phoenix uses an autosave feature. When you start a game, you have the option to disable autosave.

- To save your game, from the Pause menu, choose **SAVE ADVENTURE**. Then click to select a save slot. At the Pause menu, select **CONTINUE** to return to the game.
- To load a game, from the Main menu, click **CONTINUE ADVENTURE** and then click on the game you want to load.
