Kid Keys™ Install

Windows® 98/95 Installation and Launching

The installation procedure will create a *Kid Keys* icon and place it in the **Start** Menu for Windows® 98/95. You will have to go through this process only once unless you change your setup in the future.

1. Insert the *Kid Keys* CD into your CD-ROM drive.

2. If **AutoPlay** is enabled, setup will start automatically. Click install and follow the on-screen instructions.
   If **AutoPlay** is not enabled, select **Start** and then **Run** from the Windows® 98/95 taskbar. Type **d:\autorun** and press **Enter**. If your CD-ROM drive isn't **d**, type that letter instead.

To launch the program later, insert the *Kid Keys* CD into your CD-ROM drive and the program will start.

(If **AutoPlay** is not enabled, select **Start**, then **Programs**, then *Knowledge Adventure*, then *Kid Keys 2.0*.

Macintosh® Installation and Launching

1. Insert the **Kid Keys** CD into your CD-ROM drive.
2. Double-click the **Kid Keys 2.0 Setup** icon to install the program.
3. Start the program by double-clicking the **Kid Keys 2.0** icon on the CD.

To print the on-disc manual, start Kid Keys™. From the Launcher screen, click the "Manual" button. Select Print from the Acrobat File menu.

## Get Ready for a Lifetime of Computer Fun!

Youngsters will have fun learning to use the computer with Keystone the Dragon and his castle friends. This all-new version of the award-winning Kid Keys™ teaches young learners the alphabet, the computer keyboard and how to use a mouse.

Castle Keys

I like to blow bubbles.

Children learn uppercase letters, periods, question marks and the space bar as they type sentences to help their friends get back into the castle!

Keystone Keyboard

Find the B

Q W E R T Y U I O P
A S D F G H J K L
Shift Z X C V B N M Shift

Youngsters learn to recognize the letter sounds, letter names, words, and uppercase and lowercase as they become familiar with the position of letters on the keyboard!
