**W**elcome to the Silicon Beach family of products. Our goal is to make as much computing power as possible accessible to as many users as possible. We try to do this by pricing our products reasonably and by designing interfaces that allow you to access useful features immediately and then grow into more advanced capabilities. We welcome your feedback so that we can continue to produce the best software we can. I hope you enjoy our product.

Sincerely,

*Charlie Jackson*  
PRESIDENT

FOR APPLE MACINTOSH®

## *SuperPaint*

The award-winning graphics software that combines Paint and Draw capabilities into one easy-to-use program. With AutoTrace™, a freehand tool for Bezier curves, customizable paint palette, multi-page documents, mixed fonts, styles, and sizes within a single block of text, color preview, and free rotation of text and objects in the Draw layer.

**SuperPaint, \$199.**

Upgrades \$50 plus tax and shipping.

## *Digital Darkroom™*

A versatile tool to enhance, retouch and compose scanned images and bitmapped graphics. With AutoTrace™, image preview, unique selection tools, pasting and blending options, powerful filters and brushes, and simplified halftone printing.

**Digital Darkroom, \$395.**

## *Super 3D™*

Familiar 2-D drawing tools are used for transforming graphics into full 3-D objects. The intuitive spin wheels simplify movement and rotation of objects. With 16.8 million color palette, easy control over light source shading, 68881 math co-processor support, and animation capabilities.

**Super 3D, \$495.**

# MULTIMEDIA

FOR APPLE MACINTOSH®

## **SuperCard™**

SuperCard is your personal software toolkit for creating programs that are customized for your needs — from simple productivity stacks to full-blown multimedia presentations. Featuring the SuperTalk™ scripting language, SuperCard gives you powerful tools for creating standalone Macintosh applications with custom menus, floating tool palettes, dialog boxes, scrolling windows, etc. SuperCard also features full 256-color Draw and Paint, AutoTrace, animation and sound capabilities, mixed fonts in text and a powerful editing environment for combining these elements with ease. SuperCard is compatible with HyperCard.®

**SuperCard, \$199.**
